KDE encourages the use of the 30-60-90 day plan template as schools incorporate and monitor the goals, objectives, strategies and activities specified in the Comprehensive Improvement Plan.

# **Phase I - Equitable Access to Effective Educators School Diagnostic**

## Introduction

National data show that poor and minority students, English Language Learners and students with disabilities continue to be taught more often than their peers by inexperienced, out-of-field or ineffective teachers. As a result, the United States Department of Education (USDE) required states to develop equity plans and use evidence based strategies to address this issue. Kentucky's plan is focused on teacher preparation; recruitment, hiring and placement of teachers; providing supports for on-going, job-embedded professional learning; and strategies to retain teacher and leaders.

All districts and schools in Kentucky are required to identify barriers and develop strategies to address these issues to achieving equitable access to effective educators for students most at risk. This is being incorporated within the Comprehensive District and School Improvement Plans. This diagnostic should be used as tool for identification of barriers and a catalyst for development of strategies that will result in novice reduction for gap closure. Strategies will be incorporated into the Comprehensive School Improvement Plan.

Label	Assurance	Response	Comment	Attachment
School Equity Data (1)	<p>Complete the School Equity Data tab for this diagnostic. Include at least one other self-selected indicator for consideration.</p> <p>*Self-selected data could come from a variety of sources. It should be relevant to the needs of the school. Examples could include: principal, teacher or student demographic data; percentage of National Board Certified Teachers or Advanced Degrees; teacher or principal effectiveness data, TELL, turnover.</p> <p>**The school should complete the information in the chart ONLY for the subgroups reported in the School Report Card where the data has been suppressed to protect student identification required by the Family Educational Rights and Privacy Act (FERPA). Follow the steps below:</p>	I acknowledge that I have uploaded the School Equity Data.	Data for Professional Qualifications is documented in the self-selected data category.	2016-2017 School Equity Diagnostic

**Provide a brief analysis the school data from the chart. Include any trends, note-worthy data points or perceptions the data has provided related to equitable access to effective educators.**

The Equity Data chart revealed that our percentage of students with disabilities is nearly 1/3 of our school population (30.90%). With that data, we must work to ensure that our students with disabilities are provided appropriate and allowable accommodations. This is essential for our students to be successful. Another aspect that the data provided is that 94.7% of our teaching staff has more than 4 years of teaching experience. This experience will enable those teachers to provided a high quality of instruction to all of our students.

**After the data analysis is complete, the school will then identify the barriers (challenges) for some of the identified trends. An identified barrier, for example, could be higher teacher turnover in priority schools as compared with non-priority schools. Once the barriers have been identified, then root causes of why the barriers exist will be included.**

After the data analysis was completed, the barrier that stood out our was the percentage of our students receiving free and reduced lunch. Our goal is to provide quality education to all students. With this goal in mind, we strive to move students forward regardless of the barriers that they bring to school with them. It is our mission to equip our students with everything they need to be successful as they progress through their educational career.

Goal Setting (4)	Complete the School Equity Goals tab. Use the school's most recent measures in the Equity tab of the School Report Card to set equitable access goals for the next three years. The measures include: Working Conditions, Overall Teacher and Leader Effectiveness, Overall Student Growth, Percentage of new and KTIP teachers, and Percentage of Teacher Turnover.  ***Goals should reflect an analysis of barriers, root causes and strategies.	I acknowledge that I have uploaded the School Equity Goal Data.		2016-2017 School Equity Goals

**Equitable access to effective educators must be reflected in the Comprehensive School Improvement Plan. Strategies could include, but are not limited to, recruitment; hiring and placement of teachers and/or students; providing supports for on-going, job-embedded professional learning to improve teacher and leader effectiveness; and strategies to retain teacher and leaders, particularly in high needs schools. Once implemented, these should assist the school in meeting the goals set in the previous section.**

**If there are strategies and activities within one of the five major goals of the CSIP, which adequately addresses equitable access, the school may select the appropriate goal, objective, strategies and activities.**

OR

**The school may create a new goal to address equitable access to effective educators. Once a new goal has been created, the school will need to include appropriate objectives, strategies and activities.**

**The school may choose to provide an optional narrative response to include any additional information, but this is not required.**

## Goal 1:

Decrease the percentage of students scoring novice in reading by 50% by 2020.

## Measurable Objective 1:

collaborate to decrease the number of students scoring novice in reading by 10% by 06/30/2017 as measured by the School Report Card.

## Strategy1:

Highly Qualified Teachers and Paraeducators - All teachers and paraeducators will be highly qualified according to required guidelines.

(For example, FRYSC or Title I coordinators connect family with community resources and follow up).	School staff and parents have seamless integration of consistent and sustained family support services from school and the community to reduce student barriers to learning.	Distinguished

	Statement or Question	Response	Rating
7.6	School staff offers and publicizes community-based learning activities aligned with the curriculum, such as tutoring linked to the curriculum and internships, for all students and parents.	District staff and school leadership ensures all stakeholders are aware of community based learning opportunities that are linked to student-specific needs.	Distinguished

## Reflection

**Reflect upon your responses to each of the Missing Piece objectives.**

Areas of strength include:

- Relationship Building
- Communications
- Learning Opportunities
- Community Partnerships

Areas in needs of improvements are:

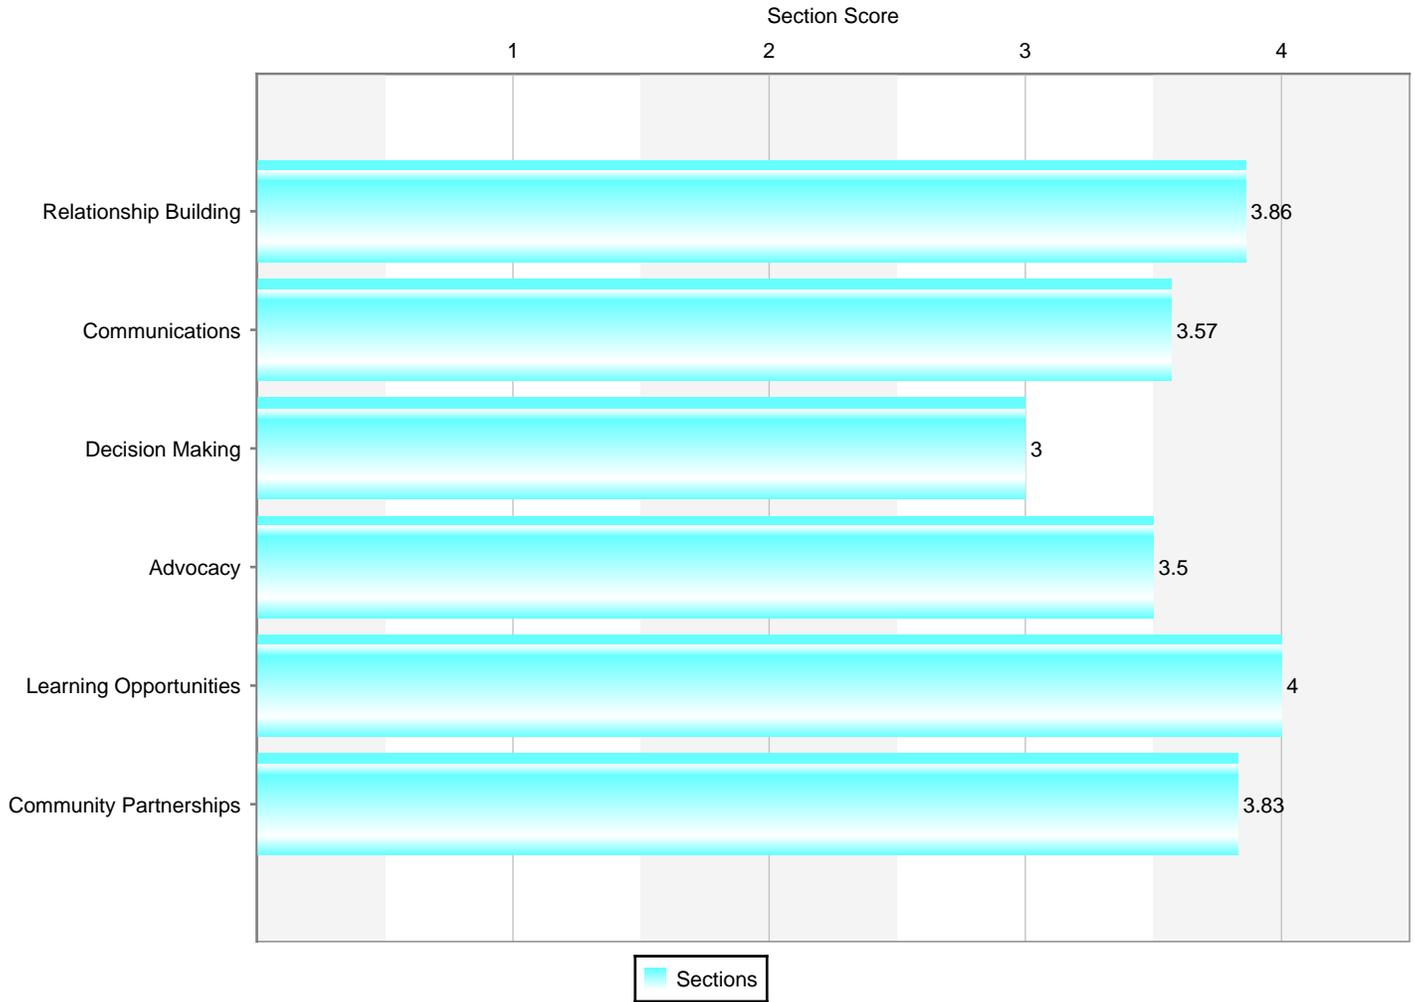

- Decision Making
- Advocacy

To sustain our areas of strength, we will continue to involve our parents as partners in education. We will continue to build relationships with our parents and communicate with our parents to keep them informed and to develop partnerships that will carry over into the improvement of academic success of our students. We will also consistently provide learning opportunities for both our students and parents. We will utilize parent workshops with our Family Reading, Family Math, and Save the Children activities. For our students, we will focus on academic, personal, and professional goals. For our parents, we will provide opportunities to inform and connect our parents to community resources that will improve the lives of our families. Our goal is for our parents and students to freely communicate with us to ensure that we collaboratively make improvements and take the needed steps to foster student achievement and continually improve home-school relations.

To improve our areas of need, we will continue to implement and to use parent/community/student surveys as tools to identify the areas of concerns that our stakeholders have. We will continue to provide parents with the needed information and opportunities to be involved in the Decision Making process in all aspects of their child's educational career and school matters. We will work closely with our parents and Family Resource Center to improve Advocacy in our school. Tools for this improvement will be made through PTO meetings, Parent Workshops, FRC Advisory Council meetings, and increased communications with parents. By ensuring that the information makes it into the hands of our parents, community members, and stakeholders, we increase our community partnerships. These partnerships will benefit our students and become a catalyst for improvement in our school.

## **Improvement Planning Process**

### Improvement Planning Process

**Describe the process used to engage a variety of stakeholders in the development of the institution's improvement plan. Include information on how stakeholders were selected and informed of their roles, and how meetings were scheduled to accommodate them.**

We use multiple approaches to engage a variety of stakeholders in the development of our CSIP. The first method revolves around our "parent involvement policy." Our policy follows the guidelines set forth by the Whitley County Board of Education. We follow the district parent involvement program called PAVE-- "Parents as Volunteer Educators." Parents of participating students are provided with opportunities for full and on-going participation in the Title I program, including opportunities to suggest modifications, based on changing needs of parents, students and the school. These goals and standards will be shared with parents in a manner that will enable them to participate in decisions concerning their child's education and monitor and improve the educational achievement of their child. We take action to promote parent involvement and parents of participating students are provided the opportunity to develop the CSIP through the SBDM Council. We also allow opportunities for the parents to be involved with their child's education. We designate resources to assist in communicating with parents, conducting home visits, encouraging them to use available parent resource centers, and working with them to improve parenting skills, particularly those that will assist them in working with their child to improve his or her educational achievements. Resources may include individuals, agencies, materials, and services. We invite parents to participate in committees to improve the school. We send home monthly news/calendar of events to inform parents of school events. We inform parents regarding school activities, meetings, positive comments and concerns through various methods such as notes home, US mail, phone calls, newspapers, radio announcements, etc.

The second technique to engage a variety of stakeholders in the development of our CSIP involves the "SBDM council." The President of the PTO calls a meeting of the organization for the purpose of selecting members to the council. The officers of the PTO facilitate the meeting. Parent members are selected by their peers through the voting process. Parents nominate themselves or any other legal parent of a student at school. The principal takes nominations from 8:00 AM until 2:30 PM five days before the election. Nominations are not taken on the day of the election. In compliance with SBDM law KRS 160.345, two parents are elected by the members of the school's parent organization. Members selected by the PTO count the ballots. Parent members are elected by majority vote of those present. To qualify as a parent member, the parent members must have a student(s) at Boston Elementary School. Parent members must pass a criminal background check in compliance with Senate Bill 148. The principal reports the results of the elections to the Superintendent and the Board of Education. Each council member is elected for a one-year term that begins July 1st and ends June 30th.

As a parent member of the SBDM council, their ultimate goal and purpose is to enhance student achievement. The SBDM council develops policies that contribute either directly or indirectly to accomplishing our mission and policies which contribute either directly or indirectly to student achievement by improving teaching and learning at our school. The CSIP provides a focus for the school community in efforts to enhance student achievement. The council has the responsibility for adopting and monitoring the CSIP. In doing so, the council has the responsibility for ensuring that:

- Students' needs are being addressed by reviewing the plan
- Technology and equity are embedded in the CSIP
- Funding is appropriately monitored
- Professional development is appropriately implemented
- The implementation and impact checks are being completed
- The plan is amended or updated based on student needs

- Work is being done to close the achievement gaps

Furthermore, the SBDM council reviews disaggregated data from all state assessments annually and district mandated assessments bi-annually. Adjustments are made to the CSIP as needed to best meet the needs of our students.

In addition, the SBDM council takes input from non-council members. Those who are in attendance shall have the opportunity to discuss issues under consideration by the council, as they are recognized by the chairperson. Input/reactions must be relevant to the topic and must be within the authority of the council.

Moreover, SBDM council meetings are scheduled to accommodate the parent members. The regular meetings are held on a set day of the month and at a set time of day. SBDM council meets on the second Monday of each month at 3:00 PM. Regular meetings may be cancelled by the chairperson with the approval from a majority of the council. Council meetings are limited to one hour. Each regular and special council meeting shall operate by an agenda. Parents are encouraged to attend.

### **Describe the representations from stakeholder groups that participated in the development of the improvement plan and their responsibilities in this process.**

The SBDM council parent members Tabitha McNealy and Tonya Bell were elected by majority vote. Both the parent members have a student at our school and have passed a criminal background check. Both parent members have completed the required SBDM council training. The council parent members have the responsibility for adopting and monitoring the CSIP. In doing so, the council parent members have the responsibility for ensuring that:

- Students' needs are being addressed by reviewing the plan
- Technology and equity are embedded in the CSIP
- Funding is appropriately monitored
- Professional development is appropriately implemented
- The implementation and impact checks are being completed
- The plan is amended or updated based on student needs
- Work is being done to close the achievement gaps

Furthermore, the SBDM council reviews disaggregated data from all state assessments annually and district mandated assessments bi-annually. Adjustments are made to the CSIP as needed to best meet the needs of our students.

In addition, the SBDM council takes input from non-council members.

### **Explain how the final improvement plan was communicated to all stakeholders, and the method and frequency in which stakeholders receive information on its progress.**

The final CSIP report is presented to the stakeholders at SBDM meeting and is also presented annually to the Whitley County Board of Education. The progress and implementation of the CSIP is reported twice yearly to the SBDM Council through the implementation and impact checks.

# **Phase I - Needs Assessment**

## **Introduction**

The purpose of the School Needs Assessment is to use data and information to prioritize allocation of resources and activities.

## Data Analysis

**What question(s) are you trying to answer with the data and information provided to you? What does the data/information tell you?  
What does the data/information not tell you?**

### GRADES 3-6:

Kentucky Performance Rating for Educational Progress (K-PREP) results provide a wealth of information that must be disaggregated in order to answer questions that are relevant to student achievement and classroom performance. As we begin our data disaggregation, the following questions guide our analysis:

- \* Overall, how well did our students perform in each content area?
- \* What content areas and/or subcategories of the content areas do we see as a strength?
- \* What content areas and/or subcategories of the content areas do we see as a need?
- \* How did each student group/subgroup perform in comparison to the overall score in each content area?
- \* How can we improve to foster student growth and performance?

The data tells us that our focus needs to be on increasing our ACHIEVEMENT score, GAP score, and GROWTH score. Based on our Learners Scores, our ACHIEVEMENT score was 28.0, our GAP score was 80.6, and our GROWTH score was 72.0. The reports are very informative. The individual student report provides a growth component that showcases growth of individual students compared to all Kentucky students in the same grade. This provides teachers with the opportunity to foster growth by focusing on the needs of individual students by offering instructional differentiation to address their needs.

The data does not provide us with specific examples of content standards that our students missed. We do have the content area and subcategories; however, it does not give specific examples that would allow us to address the misconceptions and improve instruction that would in turn lead to improved student achievement.

### GRADES K-2:

The Whitley County School District administers the IOWA assessment to all students in grades K-2. Looking at the data from this assessment, these questions guide our analysis:

- \* Overall, how well did our students perform in each content area?
- \* What content areas and/or subcategories of the content areas do we see as a strength?
- \* What content areas and/or subcategories of the content areas do we see as a need?
- \* How did each student group/subgroup perform in comparison to the overall score in each content area?
- \* How can we improve to foster student growth and performance?

The IOWA data revealed that we need to focus on vocabulary, word analysis, language, and reading skills in grades K-2. Data revealed in kindergarten, our areas of need were vocabulary (66th percentile) and reading (76th percentile). Our first grade area of need was reading (75th percentile). Our second grade areas of need were word analysis (44th percentile) and language (43rd percentile). With that data, we will work throughout the upcoming year to address these needs and to improve instruction. The data does not, however, provide specific examples of standards that our students need to work on and we are collaborating and utilizing formative assessment results to help identify specific needs. Our efforts will be implemented into improved instructional strategies in the classroom.

The TELL Kentucky Survey provides educators with data, tools and direct support to facilitate school improvement. In 2015, 100% of teachers responded to the survey which measured the use of time, facilities and resources, community support and involvement, managing student conduct, teacher leadership, school leadership, professional development, instructional practices and support, and an overall score.

The TELL Survey identifies areas of strength as well as areas for improvement. However, the survey does not provide specific strategies focused specifically on our data. According to the 2015 TELL Survey results, 91% of teachers agree that overall our school is a great place to work and learn.

## **Areas of Strengths**

**What were the areas of strength you noted? What actions are you implementing to sustain the areas of strength? What is there cause to celebrate?**

Our content areas of strength were reading, math, and social studies.

In reading:

- 70.4% of our students scored proficient/distinguished
- 68.6% of our Non-duplicated Gap Group students scored proficient/distinguished
- 84.8% of our students with disabilities scored proficient/distinguished

In math:

- 62.1% of our students scored proficient/distinguished
- 62.8% of our Non-duplicated Gap Group students scored proficient/distinguished
- 84.8% of our students with disabilities scored proficient/distinguished
- 62.6% of our free/reduced lunch students with disabilities scored proficient/distinguished

In social studies:

- 68.0% of our students scored proficient/distinguished
- 71.5% of our Non-duplicated Gap Group students scored proficient/distinguished
- 71.5% of our free/reduced lunch students with disabilities scored proficient/distinguished

According to the 2015 TELL Survey, our areas of strength lie in Facilities and Resources, Professional Development, and Community Support and Involvement. 100% of teachers agree that they have access to instructional technology, communication technology, and office equipment and supplies. 100% of teacher agree that their physical environment in the school supports teaching and learning. 100% of teachers agree that their professional development is data driven and that sufficient resources are available. 100% of teachers agree that professional development enhances teachers' abilities to support student learning. 100% of teachers agree that the school does a good job of encouraging parent/guardian involvement. 100% of teachers also agree that the community members are supportive of the school as well as the teachers and help contribute to their success with students.

To sustain the areas of strength, these actions are being implemented:

- \* Scrimmage Testing
- \* 21st Century Programs
- \* Study Island program
- \* Math Intervention
- \* Multiplication Competitions
- \* Timed assignments
- \* Accelerated Reading
- \* PLC's
- \* Progress Monitoring
- \* Formative Assessment

## CELEBRATION POINTS:

Our school has progressed from a Need Improvement school to a School of Distinction/High Progress. Our overall 2016 score was 83.8.

This is an increase of 21.1 points over last years K-PREP score. All areas of program reviews received the maximum number of points allowable. Our highest scoring area was writing with a score of 8.8.

## **Opportunities for Improvement**

### **What were areas in need of improvement? What plans are you making to improve the areas of need?**

Upon analyzing our K-PREP data, we note that our areas in need of improvement include:

- \* In Reading at all grade levels. We must focus on moving our students from novice to apprentice and from apprentice to proficient and distinguished. The data indicated that we had several student who were within a few points of moving up to the next level. We need to concentrate our efforts on moving students out of the novice category.
- \* In Math at all grade levels. We must focus on moving our students from novice to apprentice and from apprentice to proficient and distinguished. The data indicated that we had several student who were within a few points of moving up to the next level. We need to concentrate our efforts on moving students from their current category up to the next level.
- \* Although not tested, our efforts in science must be focused on implementing the new Science Standards. This must be done to prepare our students for the future assessments in science. To implement these new standards we will increase our use of hands-on activities and foster activities that engage students in higher level problem solving and thinking processes.
- \* In Social Studies, we need to be focused on moving students out of the novice category. Then, moving our apprentice students to the proficient and distinguished categories. In the classroom, we need to actively involve our students in real world activities, such as elections, trials, and civil duties.
- \* In On-Demand Writing, no students scored distinguished. Our concentration needs to center on moving students out of the novice and apprentice categories. To make this happen, we need to increase the frequency of our writing instruction. In that instruction, we need to include self evaluations, peer evaluations, and time to revise our writings. We also need to include real world writing situations, such as letters, articles, e-mails, blogs, and editorials.
- \* In Language Mechanics, our goal has to be to move students out of the novice category. Then focus efforts on students in the apprentice category to move them up to proficient/distinguished. For this to take place, we need to increase our frequency of Daily Oral Language instruction as well as self and peer evaluations of our sentences, paragraphs, and writings.
- \* According to the 2015 TELL Survey, our lowest areas were managing student conduct (89.5%), teacher leadership (90.8%), and time (91.9%).

Plans to improve our areas of need:

- \* Weekly PLC's focused on continuous improvement through the PDSA (Plan, Do, Study, Act) cycle.
- \* Data room meetings focused on analyzing student data and developing individual learning plans to move student learning forward
- \* Collaboration efforts vertically and horizontally in our school to improve instruction
- \* Collaboration efforts with school intervention specialists
- \* Collaboration efforts with District Reading, Math, and Writing specialists
- \* On going Professional Development opportunities that are readily available to teachers
- \* Professional Development focused on student behavior and classroom management
- \* Utilizing paraprofessionals to improve student achievement
- \* Continue common planning times to foster more focused and rigorous instruction
- \* Continue implementing Reading groups to improve Reading scores
- \* Scrimmage Testing
- \* 21st Century Programs
- \* Learning Lab for math, language, reading, etc.

\* Science Lab

## **Conclusion**

### **Reflect on your answers provided in the previous sections. What are your next steps in addressing areas of concern?**

Upon reviewing the data provided to us from Kentucky Performance Rating for Educational Progress assessment, many areas will be the focal point of improvement for the 2016-2017 school year. The next steps to addressing areas of concern will include:

- \* Boston staff will continue to collaborate and reflect upon teaching practices that are being used.
- \* Boston staff will do a self-reflection and also get input from colleagues.
- \* Boston staff will also be evaluated utilizing the Teacher Professional Evaluation and Effectiveness System.
- \* Boston staff will be involved in PLC's and data rooms that will allow them to see test data and to reflect on improvement.
- \* Boston staff will utilize scrimmage testing.
- \* Boston staff will analyze results of weekly and scrimmages tests by placing data on a spreadsheet that will be discussed during PLCs and collected by principal.
- \* The 21st Century Program will be providing math, reading, writing, and science activities after school.
- \* Boston staff will introduce new ways to better prepare our students for assessment by providing test-like situations for students in order to prepare them.
- \* Boston will focus on areas of improvement through continual review and reteaching.

## **2016-2017 Goals and Plans**

## Overview

### Plan Name

2016-2017 Goals and Plans

### Plan Description

Boston Elementary's Comprehensive School Improvement Plan sets out a design for school stakeholders to focus their efforts on priority needs as they work to improve student achievement and reach our delivery targets. This planning process uses student assessment data, state educational reports, school demographics, and survey data to identify areas of need. Achievement goals are clearly outlined with objectives for each goal as well as instructional and organizational strategies. The plan guides all decision-making to allocate school resources toward improving student achievement in all areas, closing achievement gaps, ensuring that all students achieve proficiency, and reducing the novice gap.

## Goals Summary

The following is a summary of the goals encompassed in this plan. The details for each goal are available in the next section.

#	Goal Name	Goal Details	Goal Type	Total Funding
1	Increase the average combined reading and math proficiency ratings for all students in the non-duplicated gap from 65.7% in 2016 to 69.3% in 2019.	Objectives: 1 Strategies: 6 Activities: 19	Organizational	\$123500
2	Increase the average combined reading and math K-PREP scores from 66.2% to 70.6% in 2019.	Objectives: 1 Strategies: 4 Activities: 11	Organizational	\$123500
3	Utilize data from the TELL survey and/or the VAL-ED survey to improve instruction at Boston Elementary.	Objectives: 2 Strategies: 3 Activities: 4	Organizational	\$0
4	Decrease the percentage of students scoring novice in reading by 50% by 2020.	Objectives: 1 Strategies: 2 Activities: 10	Organizational	\$123500
5	Decrease the percentage of students scoring novice in math by 50% by 2020.	Objectives: 1 Strategies: 2 Activities: 10	Organizational	\$123500

## Goal 1: Increase the average combined reading and math proficiency ratings for all students in the non-duplicated gap from 65.7% in 2016 to 69.3% in 2019.

### Measurable Objective 1:

collaborate to increase the average combined reading and math proficiency ratings for all students in the nonduplicated gap group from 65.7% to 66.9% by 06/30/2017 as measured by K-PREP delivery targets..

### Strategy 1:

RTI (Response To Intervention) - Classroom teachers will identify students who are performing below grade level. After providing individualized interventions for the identified students, classroom teachers will refer those students who are not improving to intervention teachers for more intense interventions.

Category: Continuous Improvement

Activity - Monitor RTI Interventions	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Monitor the implementation of RTI through walk throughs and review of RTI data during PLC meetings..	Academic Support Program	08/15/2016	06/30/2017	\$0	No Funding Required	Principal
Activity - Evaluate RTI Interventions	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will evaluate effectiveness and benefit of the RTI interventions being used with students. During the collaboration, teachers will make adjustments to interventions as needed to ensure that students succeed and achievement gaps are closed.	Academic Support Program	08/15/2016	06/30/2017	\$0	No Funding Required	Teachers, Principal, WCBOE Instructional Department

### Strategy 2:

Scrimmage Testing - Throughout each semester, students will participate in scrimmage testing. Tests will cover all content areas (reading, math, science, social studies, writing, and language mechanics) and expose students to various types of testing formats, time requirements, and testing situations. Results will be analyzed to identify at-risk students and areas of need. The data collected will provide the information needed to close the achievement gaps in all student groups.

Category: Continuous Improvement

Activity - Test Development	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will collaborate with colleagues to research test items to include on the assessments to be used for scrimmage testing. Teachers will then administer the tests created to their students during the scrimmage.	Academic Support Program	08/15/2016	06/30/2017	\$0	No Funding Required	Classroom teachers, intervention specialists, and Principal

# Comprehensive School Improvement Plan

Boston Elementary School

Activity - Grade Level Test Analysis	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will analyze the results of weekly assessment and scrimmage tests taken by each student. During analysis, teachers will identify areas of need, students who are not performing, and discuss strategies for improvement.	Academic Support Program	08/15/2016	06/30/2017	\$0	No Funding Required	Classroom teachers, intervention specialists, and Principal. In addition, district support staff will be available to provide input on improvement strategies during weekly PLCs.

### Strategy 3:

Writing Across the Curriculum - Teachers in K-6 will implement more writing in their classrooms in all content areas. This writing will include all aspects of the writing process as it applies to short answer questions, extended response questions, writing prompts, journal writings, and portfolio writings.

Category: Continuous Improvement

Activity - Writing Scrimmage	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
All students in grades K-6 will participate in a writing scrimmage. Students will be given a writing situation to complete. The scrimmage will be set up to simulate conditions as they occur during yearly assessments.	Academic Support Program	08/15/2016	06/30/2017	\$0	No Funding Required	Classroom teachers, intervention specialists, and Principal

Activity - Writing Analysis	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will collaborate to evaluate student writings. Writings will be evaluated using state rubrics, teacher made rubrics, self evaluations, and peer evaluations. During the analysis, teachers will search for gaps, areas of need, and note strengths of the writings.	Academic Support Program	08/15/2016	06/30/2017	\$0	No Funding Required	Classroom teachers, intervention specialists, and Principal

### Strategy 4:

Kindergarten Readiness - The district, in collaboration with other local agencies, will enroll preschool aged children and provide research based programs to promote healthy and successful transitions to a more formal educational environment.

Category: Early Learning

## Comprehensive School Improvement Plan

Boston Elementary School

Activity - Screening	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Upon entry, kindergarten students will be screened for: letter identification, letter sounds, sight words, number identification, and name writing. They will also take the STAR Early Literacy predictive assessment.	Policy and Process	08/15/2016	06/30/2017	\$0	No Funding Required	Kindergarten Teacher and Principal
Activity - Transitions	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Preschool children will visit kindergarten classrooms and be introduced to the teachers and the environment.	Policy and Process	08/15/2016	06/30/2017	\$0	No Funding Required	Preschool teachers, preschool Bell Whitley liaison, kindergarten teachers, principal,
Activity - Parent Transition	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Near the end of the preschool year, parents will be invited to an after-school transition meeting with the kindergarten teachers and the principal. Welcoming activities, handouts, expectations, and discussions will take place.	Parent Involvement	08/15/2016	06/30/2017	\$0	No Funding Required	Preschool staff, preschool Bell Whitley liaison, kindergarten teachers, and the principal

### Strategy 5:

Parent / Stakeholder Involvement - Efforts are made to provide parents/guardians opportunities to take part in the education of their child. Parent involvement will foster a team effort that will allow the school to maintain a strong support system. The support system is made up of parents/guardians, stakeholders, and school personnel working together to increase student achievement and ensure that our students receive the best educational opportunities possible. In addition, this support system will ensure all needs of our students are met.

## Comprehensive School Improvement Plan

Boston Elementary School

PAVE (Parents As Volunteer Educators) is an established and successful volunteer program organized by Title 1 school/Home/Community Liaison. Volunteers are required to sign-up through PAVE and complete forms before becoming a volunteer. The main goal of PAVE is to encourage parents, guardians, relatives, and community members to become volunteer educators. Documented volunteer hours make an impact in the success of parents and community involvement programs. We also use volunteer hours on consolidated plans, school report cards, and during local and state volunteer recognitions. Grant writers also use documented volunteer hours to help bring more funding into our schools. Criminal background reports are obtained on all volunteers before they are allowed to participate in any school activity.	Parent Involvement	08/15/2016	06/30/2017	\$0	No Funding Required	Title I, Board Community Liaison, Teachers, Family Resource Coordinator, Principal
--	--------------------	------------	------------	-----	---------------------	--

Activity - Parent Workshops	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Boston Elementary will organize and host parent workshops throughout the school year. Our parent workshops will coordinate with our 21st Century Family Nights. To organize these workshops, the school will collaborate with Save The Children, community members, and resources to provide meaning sessions that will have a positive impact on our students. The purpose of these workshops is to assist parents and guardians. The workshops focus on, but are not limited to, understanding student data, supporting student school work, and sharing resources that will improve the lives of our families.	Community Engagement	08/15/2016	06/30/2017	\$0	No Funding Required	School Staff, 21st Century coordinator, Save The Children, Community members, PAVE Volunteers, School level volunteers, Principal

Activity - Family Reading and Math Nights	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Each month, Boston Elementary will host reading/math nights to increase parent/stakeholder/community involvement in the learning process. Family reading/math nights encourage parents to take an active role in the educational processes. Reading and Math Interventionists create engaging activities for parents and students to participate in. These activities are specifically designed to promote literacy and the understanding of mathematical concepts.	Community Engagement	08/15/2016	06/30/2017	\$0	No Funding Required	RTA teacher, MIT teacher, Principal, District Reading/Math Instructional Coaches

## Comprehensive School Improvement Plan

Boston Elementary School

Boston Elementary will increase community communication, outreach, and involvement in an effort to foster student support and enrichment. Because our school is a community focal point, we strive to involve all stakeholders. To accomplish this goal, we will provide home/community/school communications through the District Ed News, local newspapers, our school website, the district website, flyers, notes sent home, community postings, emails, Blackboard Connection communications (school and district level), and social media posts (PTO page).	Community Engagement	08/15/2016	06/30/2017	\$0	No Funding Required	Teachers, Principal, school public relations personnel, district public relations personnel, FRC, PTO, and SBDM council.

### Strategy 6:

Support Programs - Students will have access to support programs that will focus on student needs and foster improved student achievement.

Category: Continuous Improvement

Activity - 21st Century Program	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
The 21st Century Program will be offered to implement additional educational opportunities for Boston Elementary students.	Academic Support Program	08/15/2016	06/30/2017	\$20000	Grant Funds	Teachers, 21st Century Coordinator (Ginger Downs), Principal, District Instructional Team

Activity - Read To Achieve	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Students who are performing significantly below grade level will be referred to the Read To Achieve Program for additional, intensive reading instruction. Teachers will also collaborate with Read To Achieve teacher to acquire new ideas, strategies, and support for students who are not performing at proficiency.	Academic Support Program	08/15/2016	06/30/2017	\$50000	Other	Teachers, Principal, RTA teacher (Ginger Downs), District Instructional Team

Activity - District Support Staff	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
The Boston staff will collaborate with all Whitley County District Support Staff(Reading Specialist, Math Specialist, Writing Specialist, GT Coordinator, Technology Coordinator, Instructional Supervisor, Human Resources, Superintendents, etc) to ensure that we offer the most effective instructional opportunities to our students.	Academic Support Program	08/15/2016	06/30/2017	\$0	No Funding Required	Principal, Teachers, District Support Staff

Activity - Technology	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will integrate digital and virtual resources that align with Common Core standards. These supplemental resources will allow instruction to be differentiated for each individual student. Classroom teachers will utilize all available technology (computer lab, mobile computer lab, mobile Chromebook lab, and mobile i-pad lab) to incorporate web-based technology programs to enhance instruction such as: AIMSweb, Accelerated Reader, Starfall, Reading Eggs, Class Dojo, Spelling City, IXL, Study Island, etc.	Technology, Academic Support Program	08/15/2016	06/30/2017	\$3500	General Fund	Classroom teachers, Principal, District Technology Coordinator

Activity - Continued Plan of Support	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
To facilitate continued improvement, the Principal at Boston Elementary, along with the Whitley County Board of Education, will continue to utilize components of our 'Plan of Support'. This Plan was successful and was created to ensure that all areas of need are addressed, monitored, and improved. Each area of need was identified and a strategic plan was formulated to address those needs. One strategic component of the Plan is the creation of a our school data room and PLC meetings. Utilizing the data room and PLC meetings has allowed us to continue monitoring progress and address areas of need. We will also continue the individual learning plans. The individual learning plans will pinpoint the areas of need, strengths, and interventions specific for each student at Boston Elementary. The intent of the Continued Plan is to improve instruction and student achievement.	Professional Learning, Academic Support Program	08/15/2016	06/30/2017	\$0	No Funding Required	District Support Staff (Paula Rickett, Kim Creekmore, Heather Stewart, Ruth Osborne, Laural Bowlin, Kelly Anderson, Maleesha Hooper, etc), Boston Elementary Teachers, Principal

## **Goal 2: Increase the average combined reading and math K-PREP scores from 66.2% to 70.6% in 2019.**

### **Measurable Objective 1:**

collaborate to increase overall reading and math proficiency ratings for Boston Elementary from 66.2% to 67.6% by 06/30/2017 as measured by K-PREP delivery targets..

### **Strategy 1:**

Focused Instructional Groups - Teachers in grades K-6 will implement Focused Instructional Groups into the classroom schedule. Focused Instructional Groups will afford teachers the opportunity to differentiate instruction based on the individual needs of each student. To implement this strategy, teachers will analyze test data (MAP, STAR, state assessments and classroom assessments) to establish groups and instructional needs; plan intense instructional activities to address the needs; and collaborate with colleges who will be assisting during the group times.

Category: Continuous Improvement

Activity - Group Establishment and Planning	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will establish instructional groups and plan group lessons based on data analysis of assessments, including but not limited to K-PREP, MAP, STAR, and classroom assessment that will focus on student need.	Academic Support Program	08/15/2016	06/30/2017	\$0	No Funding Required	Teachers

### **Strategy 2:**

PLC (Professional Learning Community) - Teachers will collaborate with colleagues, at the school level and the district level, in PLC meetings to formulate a plan for proficiency.

Category: Professional Learning & Support

Activity - Analyzing Test Data	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers, along with principal, will analyze test data from classroom assessments, scrimmages, MAP, STAR Reading, and K-PREP.	Academic Support Program	08/15/2016	06/30/2017	\$0	No Funding Required	Teachers, Principal

Activity - Proficiency Planning	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
PLC members (which includes teachers, intervention specialists, the Principal, and district support staff) will discuss and generate ideas and strategies for improving student achievement as it relates to results of data analysis. Each week, in PLC meetings, the PLC members will refer to and update as needed the information displayed in the Data Room. The focus will be on improvement and planning for proficiency. Continued Plan of Support	To facilitate continued improvement, the Principal at Boston Elementary, along with the Whitley County Board of Education, will continue to utilize components of our 'Plan of Support'. This Plan was successful and was created to ensure that all areas of need are addressed, monitored, and improved. Each area of need was identified and a strategic plan was formulated to address those needs. One strategic component of the Plan is the creation of a our school data room and PLC meetings. Utilizing the data room and PLC meetings has allowed us to continue monitoring progress and address areas of need. We will also continue the individual learning plans. The individual learning plans will pinpoint the areas of need, strengths, and interventions specific for each student at Boston Elementary. The intent of the Continued Plan is to improve instruction and student achievement. ## **Phase II - KDE Compliance and Accountability - Schools**

## **Introduction**

The process of Improvement Planning in Kentucky is used as the means of determining how schools and districts will plan to ensure that students reach proficiency and beyond by 2015. The process focuses school and district improvement efforts on student needs by bringing together all stakeholders to plan for improvement, by focusing planning efforts on priority needs and closing achievement gaps between subgroups of students, by building upon school and district capacity for high quality planning, and by making connections between the funds that flow into the district and the priority needs in schools.

Your school's plans for improvement must be based on careful and honest analysis of data, address all content areas, and clearly address gaps in student achievement.

## Planning and Accountability Requirements

The school has identified specific strategies to address areas for improvement identified in the TELLKY Survey results.

**Goal 1:**

Utilize data from the TELL survey and/or the VAL-ED survey to improve instruction at Boston Elementary.

**Measurable Objective 1:**

collaborate to decrease classroom interruptions that interfere with instruction by 06/30/2017 as measured by TELL survey question 2.1f.

**Strategy1:**

Collaboration with Teachers - Principal will collaborate with teachers to review classroom schedules to ensure maximum instructional time.

Category: Continuous Improvement

Activity - PLC meetings	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Principal and teachers will meet in PLCs to discuss and regularly review classroom schedules for maximum instructional time.	Professional Learning	08/15/2016	06/30/2019	\$0 - No Funding Required	Principal and Teachers

**Strategy2:**

Message Collection/Delivery System - The principal will implement a new message collection/delivery system that will decrease classroom interruptions.

Category: Continuous Improvement

Research Cited:

Activity - Documentation of Messages for Teachers	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Messages for classroom teachers will be documented on the 'Message For' document. Twice daily, those documented messages will be delivered and placed outside the classroom door for teachers. This will eliminate classroom disturbances and ensure protection of instructional time. Boston Elementary School

## Goal 2:

Increase the success of Managing Student Behavior on the TELL Kentucky survey and/or Val-Ed survey from 89.5% to 91% by 6/30/2016 to make improvements at Boston Elementary.

### Measurable Objective 1:

collaborate to increase the success of Managing Student Behavior from 89.5% to 91% by 06/30/2016 as measured by the TELL Kentucky survey and/or Val-Ed survey..

### Strategy1:

Address Student Behavior/Conduct - Principal will collaborate with teachers to review student behavior/conduct as it pertains to instruction and safety in the classroom and school.

Category: Continuous Improvement

Research Cited:

Activity - Collaborate with Behavior Consultant	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will have the opportunity to collaborate with Behavior Consultant, Jim Feger. The intent and purpose of the professional learning opportunity is to address student behavior/conduct, to evaluate the current status of student behavior/conduct, and to formulate improvement plans for continual and consistent improvement. Activity - Collaborate with District Special Education Personnel	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will have the opportunity to collaborate with District Special Education Staff to address student behavior/conduct. Through the collaboration, they will focus on behavioral needs of students, formulate a plan to address those needs, and relay the plan to all those involved. Once the plan is formulated, the Principal will monitor the implementation and progress.	Professional Learning Behavioral Support Program	08/15/2016	06/30/2017	\$0 - No Funding Required	Teachers, Principal, District Special Education Staff, District Support Staff

The school identified specific strategies to increase the average combined reading and math K-Prep proficiency scores.

# Comprehensive School Improvement Plan

Boston Elementary School

## Goal 1:

Increase the average combined reading and math proficiency ratings for all students in the non-duplicated gap from 65.7% in 2016 to 69.3% in 2019.

## Measurable Objective 1:

collaborate to increase the average combined reading and math proficiency ratings for all students in the nonduplicated gap group from 65.7% to 66.9% by 06/30/2017 as measured by K-PREP delivery targets..

## Strategy1:

RTI (Response To Intervention) - Classroom teachers will identify students who are performing below grade level. After providing individualized interventions for the identified students, classroom teachers will refer those students who are not improving to intervention teachers for more intense interventions.

Category: Continuous Improvement

Research Cited:

Activity - Monitor RTI Interventions	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Monitor the implementation of RTI through walk throughs and review of RTI data during PLC meetings..	Academic Support Program	08/15/2016	06/30/2017	\$0 - No Funding Required	Principal

Activity - Evaluate RTI Interventions	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will evaluate effectiveness and benefit of the RTI interventions being used with students. During the collaboration, teachers will make adjustments to interventions as needed to ensure that students succeed and achievement gaps are closed.	Academic Support Program	08/15/2016	06/30/2017	\$0 - No Funding Required	Teachers, Principal, WCBOE Instructional Department

## Strategy2:

Scrimmage Testing - Throughout each semester, students will participate in scrimmage testing. Tests will cover all content areas (reading, math, science, social studies, writing, and language mechanics) and expose students to various types of testing formats, time requirements, and testing situations. Results will be analyzed to identify at-risk students and areas of need. The data collected will provide the information needed to close the achievement gaps in all student groups.

Category: Continuous Improvement

Research Cited:

Activity - Test Development	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will collaborate with colleagues to research test items to include on the assessments to be used for scrimmage testing. Teachers will then administer the tests created to their students during the scrimmage.	Academic Support Program	08/15/2016	06/30/2017	\$0 - No Funding Required	Classroom teachers, intervention specialists, and Principal

# Comprehensive School Improvement Plan

Boston Elementary School

Activity - Grade Level Test Analysis	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will analyze the results of weekly assessment and scrimmage tests taken by each student. During analysis, teachers will identify areas of need, students who are not performing, and discuss strategies for improvement.	Academic Support Program	08/15/2016	06/30/2017	\$0 - No Funding Required	Classroom teachers, intervention specialists, and Principal. In addition, district support staff will be available to provide input on improvement strategies during weekly PLCs.

### Strategy3:

Kindergarten Readiness - The district, in collaboration with other local agencies, will enroll preschool aged children and provide research based programs to promote healthy and successful transitions to a more formal educational environment.

Category: Early Learning

Research Cited:

Activity - Screening	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Upon entry, kindergarten students will be screened for: letter identification, letter sounds, sight words, number identification, and name writing. Academic Support Program	08/15/2016	06/30/2017	\$0 - No Funding Required	Classroom teachers, intervention specialists, and Principal

Activity - Writing Analysis	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will collaborate to evaluate student writings. Writings will be evaluated using state rubrics, teacher made rubrics, self evaluations, and peer evaluations. During the analysis, teachers will search for gaps, areas of need, and note strengths of the writings.	Academic Support Program	08/15/2016	06/30/2017	\$0 - No Funding Required	Classroom teachers, intervention specialists, and Principal

## Strategy5:

Parent / Stakeholder Involvement - Efforts are made to provide parents/guardians opportunities to take part in the education of their child. Parent involvement will foster a team effort that will allow the school to maintain a strong support system. The support system is made up of parents/guardians, stakeholders, and school personnel working together to increase student achievement and ensure that our students receive the best educational opportunities possible. In addition, this support system will ensure all needs of our students are met.

Category: Stakeholder Engagement

Activity - PAVE	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
PAVE (Parents As Volunteer Educators) is an established and successful volunteer program organized by Title 1 school/Home/Community Liaison. Volunteers are required to sign-up through PAVE and complete forms before becoming a volunteer. The main goal of PAVE is to encourage parents, guardians, relatives, and community members to become volunteer educators. Documented volunteer hours make an impact in the success of parents and community involvement programs. We also use volunteer hours on consolidated plans, school report cards, and during local and state volunteer recognitions. Grant writers also use documented volunteer hours to help bring more funding into our schools. Criminal background reports are obtained on all volunteers before they are allowed to participate in any school activity. Activity - Parent Workshops	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Boston Elementary will organize and host parent workshops throughout the school year. Our parent workshops will coordinate with our 21st Century Family Nights. To organize these workshops, the school will collaborate with Save The Children, community members, and resources to provide meaning sessions that will have a positive impact on our students. The purpose of these workshops is to assist parents and guardians. The workshops focus on, but are not limited to, understanding student data, supporting student school work, and sharing resources that will improve the lives of our families. # **Executive Summary**

## **Introduction**

Every school has its own story to tell. The context in which teaching and learning takes place influences the processes and procedures by which the school makes decisions around curriculum, instruction, and assessment. The context also impacts the way a school stays faithful to its vision. Many factors contribute to the overall narrative such as an identification of stakeholders, a description of stakeholder engagement, the trends and issues affecting the school, and the kinds of programs and services that a school implements to support student learning.

The purpose of the Executive Summary (ES) is to provide a school with an opportunity to describe in narrative form the strengths and challenges it encounters. By doing so, the public and members of the school community will have a more complete picture of how the school perceives itself and the process of self-reflection for continuous improvement. This summary is structured for the school to reflect on how it provides teaching and learning on a day to day basis.

## **Description of the School**

**Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?**

Boston Elementary is a unique and wonderful educational facility nestled in the shadows of Pine Mountain in southern Whitley County. Boston Elementary School is home to 216 students of the Whitley County School District. While we are a Title I school with the majority of our students qualifying for free and reduced lunch, however, we do not focus on that. We strive to move forward and not let our status define us. To meet the needs of our students, we currently have 20 teachers (11 homeroom teachers, 3 special education teachers, 2 intervention specialists, 1 Librarian/Visual and Performing Arts teacher, and 1 Practical Living/Career Studies teacher), 6 instructional assistants, 2 Family Resource personnel, 1 office staff, 2 custodians, 5 Food Service personnel, 1 school counselor, and 1 principal.

Our current enrollment of 216 is made up of 123 male and 93 female students ranging from preschool to sixth grade. One unique feature of our school is that the preschool program is located in the same building as Kindergarten through sixth grade classrooms. This togetherness creates a sense of family and unity which supports a smooth transition for preschool students into the K-6 program at our school.

Students at Boston Elementary are the focus of everything we do. Our goal is to educate, support, and love each and every student that enters our school. Our students come from backgrounds that are as different as the ever changing mountains that surround our campus. Each child enters with their own set of struggles and challenges that range from economic needs to educational needs. With that said, each child also brings with them their own strengths and dreams that range from being an excellent reader to dreaming of becoming a college graduate. It is our goal and desire to foster the needs and strengths of our students and to provide them the education that they will need to be successful.

The staff at Boston Elementary is the key to the success of our students. Each teacher in our building is a highly qualified teacher. Of the 20 teachers, 18 are veteran teachers with teaching experience that ranges from 5 years to 28 years. Many Boston teachers have continued their education beyond Bachelor's and Master's degrees. The 2 who have less than 5 years are newly hired teachers who are working tirelessly to become the best educator possible in their academic areas. It is without a doubt that they too will continue to improve and have an impact on the success of our students.

A unique feature of our school is that it is surrounded by a community that is caring and supportive in regards to the educational endeavors that our students are provided. Our community is often considered to be a low socio-economic area. While many of our students come from homes that are stricken with financial burdens, that does not stop our parents and stakeholders from supporting our school with their involvement. Each parent, grandparent, aunt, uncle, cousin, and community member celebrate the successes of Boston Elementary. The pride and dedication to this school from our community is remarkable. Our school and community are like one big family. We celebrate successes, address areas of need, and strive for improvement. The surrounding community is made up of former Boston students who remember a time when our school was in Needs Improvement, instead of a school of Distinction. That feeling of being on the bottom or not "as good as" other students drives the students, staff, and community to constantly seek new strategies, activities, and ideas that will promote the strengths and successes of our students, our school, and our community.

## **School's Purpose**

**Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs. Describe how the school embodies its purpose through its program offerings and expectations for students.**

Boston Elementary is dedicated to the success of all students. We believe that all students have the right to an education that will prepare them for success in any endeavor that they embark upon. Students come first at Boston Elementary. Our motto is "Choose to make changes, NOT excuses!" Too often students, as well as adults, want to make excuses for not reaching a goal or not being successful. That is why we chose our motto. This motto is for students, teachers, and all staff at Boston Elementary. It serves as a constant reminder that we must work diligently each day to change things that are obstacles to our success.

Our mission at Boston Elementary is to prepare every student to be successful in the 21st Century in his or her personal, academic, and professional life. That mission drives the instructional practices that we enforce in our classrooms each day.

The vision of our school is that all students have access and opportunity to participate in a variety of programs which provide high quality instruction in all content areas as well as in the arts and humanities, practical living, and career studies. Our programs are based on the mission and the vision statement.

To foster success and to support our mission and vision, we participate in many programs that are focused on student improvement and increased student achievement. Our programs include 21st Century, Early Interventions in Reading and Math (Read to Achieve, a Math Intervention Teacher), RTI (Response To Intervention), and a Gifted and Talented program.

The 21st Century Program provides before and after school programs that foster student success. One notable component of 21st Century is Homework Help, a before school program provided to eliminate one of our home-school barriers. Some parents are not able to help their children with homework because of academic differences, therefore the Homework Help program addresses that need. Students who are struggling with homework or can't get help at home with the content that they need to be proficient in are provided additional academic support from a certified teacher who works individually with the students on their specific needs. Our after school programs include Reading Coaching (an intense program that focuses on Kindergarten and First Grade students to ensure that they learn their sight words and become independent readers), Math club (a program that focuses on basic math skills, individualized instruction, and enrichment), Science club (a program that focuses on exposing students to the newly released science standards through experiments and hands on activities), DEAR (Drop Everything And Read-a program that fosters independent reading and incorporates mini-lessons on foundational reading skills), and Study Island (a program that is focused on students who have not reached proficiency in the areas of Math and Reading. It utilizes the computer based individualized program Study Island to pinpoint and address the needs of the students).

The Read To Achieve is an intense reading intervention program focused on primary students. Read To Achieve has two components: Reading Recovery and CIM (Comprehensive Intervention Model). Reading Recovery is an intense individualized program designed to accelerate reading growth in selected first grade students. CIM is a program geared toward utilizing reading strategies in a small group setting to enhance reading proficiency for intervention students.

The MIT (Math Intervention Teacher) is a program that provides rigorous math intervention for struggling primary aged students. The students work in small groups with the intervention teacher to address their basic math skills needs such as, but not limited to, numeracy.

The RTI (Response To Intervention) is a program that is established in each classroom. The classroom teachers address the needs of individual students through small group instruction and progress monitoring. As the teacher works with students, they are progress monitored each week to track progress. If progress is taking place, the student will eventually be exited from RTI. If progress is not taking place, the teacher will change intervention strategies, progress monitor further, or move that student to the next tier to be tested for special education.

The Gifted and Talented program is in place to address the needs of those students who are classified as gifted and talented. Teachers provide services within the classroom to meet the needs of these students. In addition, the Board of Education has also put into place an outreach program for gifted and talented. Each month, the Gifted and Talented Coordinator works with the gifted and talented students monthly on projects that provide enrichment for those students.

Our staff, both at the school level and the district level, have high expectations for all students. We provide a learning environment that allows all students to reach their highest potential. We strive to foster an environment that nurtures the desire to improve every day. The staff is constantly analyzing data to eliminate gaps in academic achievement levels and implementing strategies that will continue to enhance the learning experiences of all students at Boston Elementary. .

## **Notable Achievements and Areas of Improvement**

**Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.**

Our K-PREP score for the 2015-2016 school year was 83.3. This is a gain of 21.1 from the 2014-2015 school year. While we made vast gains and are a school of Distinction, our staff is working diligently to improve educational opportunities and increase the rigor of instruction in our classrooms.

In the next three years, we are seeking an improvement in the achievement, gap and growth areas to maintain/increase our scores each year. Throughout the next three years, we will be implementing several changes to foster improved overall achievement. Some changes that are and will be implemented include: scrimmage testing, PLC meetings, and continuing writing across the curriculum. We will continue to utilize our data room. This room is used for posting all testing data. We meet in this room once a week to discuss data and make plans for improvement. Our 21st Century Program meets four times a week. Students are involved in activities that are fun and focus on learning. This program has been beneficial in improving test scores. Our Family Resource has implemented The Backpack program. Students are allowed to take a backpack home with them on Friday full of healthy food that can be easily prepared; therefore students are not going hungry and are better prepared to learn.

Program Review is another area where we need to improve. We are taking this opportunity to use the information set forth in the Program Reviews to improve our instructional practices. We will continue to focus on Program Reviews in Writing, Visual and Performing Arts, Practical Living/Career Studies, K-3 Program, and Global Competency/World Languages. This intense look into our programs allows us to make constant improvements and adapt instruction as needed to ensure that we are meeting the needs of our students.

## **Additional Information**

**Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.**

Boston Elementary is dedicated to providing our students with the best education possible. We are fortunate to have dedicated staff members, parents, and community support; this support will enable our school to maintain our current standing of distinguished. To promote success and learning, we offer many activities to our students and stakeholders that encourage and foster student improvement and achievement. Below are a some of these activities that we offer.

Our 21st Century Program offers acceleration, as well as remediation through after-school clubs. We have family night once a month and rotate reading and math activities. Parents and guardians are permitted to come out and participate in activities with the students. Our FRC (Family Resource Center) provides assistance to needy students and families and works to reduce barriers to learning. Our SBDM council takes an active role to ensure that we offer an education that meets the needs of all students. Boston PTO provides support to our students to encourage attendance and high academic performance. Furthermore, this year we are also a Pilot Program with Save The Children. This program will promote family engagement at different grades levels by having "Friday Fairytales" once a month and also book distributions.

Students also have the opportunity to be involved in many after school and extra-curricular activities. We provide many activities such as: 21st Century clubs, basketball, football, soccer, cheerleading, 4-H, and the academic team. Each of these offerings are provided for students to participate in if they choose. We promote participation to improve student's personal and academic well-being. Students often feel a sense of success if they participate in after school activities. They foster discipline and dedication which are both attributes that will also improve academics.

In the classrooms, we are continuing to implement 'Focused Instructional Groups'. These groups are intentional and rigorous to address the reading and math needs of our students. Classroom teachers, along with collaborating teachers and instructional assistants, work together to provide intense instruction and strategic intervention to students who are not mastering content. It is the goal of these focused groups to improve student achievement and foster improved instruction in our school.

In addition to our programs and activities, our students should be commended on their achievements. As indicated by the 2015-2016 K-PREP data, our combined reading and math percentage Proficient/Distinguished increased from 54.1 in 2014-2015 to 66.2 in 2015-2016. In social studies, we increased our percent Proficient/Distinguished from 50.0 in 2014-2015 to 68.0 in 2015-2016. Our student growth is showing the accomplishments of our students and their hard work. Our combined reading and math growth has increased by 21.9. The student growth percentile is higher than the district by 7.8% and higher than the state by 13.2%. Our largest student growth percentile gain was in math, which increased by 25.9%. These are accomplishments that we are very proud of. Our goal is to continue to improve and to make changes to address our areas of need as they are identified.
