## SUPERINTENDENT'S MESSAGE

I would like to take this opportunity to extend a warm welcome to our parents and students of the Whitley County School District and to wish everyone a successful and wonderful school year. Each new school year brings a wealth of new opportunities for students and staff alike. As always, we encourage our parents to take advantage of our P.A.V.E. (Parents As Volunteer Educators) program and to work together with school personnel to provide a first-rate educational experience for our students.

The primary goal of the Whitley County School District is to provide an education that enables each student to excel as a successful and responsible citizen. In order to ensure that this opportunity be afforded to each student, general disciplinary guidelines are necessary. Parents and students are on legal notice that each principal has the authority to take any measure deemed necessary to ensure the safety and protection of each student. The rules contained herein are a supplement to the broad, discretionary law of safety, order and discipline. It is the responsibility of each student and parent to read, understand and abide by this handbook.

We, the administration and staff of the Whitley County School District, believe that well-informed parents promote a positive school environment. Consistent with this philosophy, we are directing you and your child to the Whitley County School District webpage so that you and your child can view a copy of the Whitley County Schools Code of Acceptable Behavior and Discipline to become acquainted with these general rules. We feel that these student codes reflect the standards and expectations of all productive citizens and will aid a student in becoming a productive member of the school community.

*Scott Paul, Superintendent*

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility to the District. This may include contractors, consultants, volunteers, and other parties to whom the District has outsourced services or functions.

b. Upon request, disclosure of education records without parent/eligible student notice or consent to officials of another school district or post-secondary institution in which a student seeks or intends to enroll or is already enrolled or to other entities authorized by law so long as the disclosure is for purposes related to the student's enrollment or transfer.

c. Disclosure of information to those whose knowledge of such information is necessary to respond to an actual, impending, or imminent articulable and significant health/safety threat.

Consult your student's school administrator for further information.

**WARNING: ALL PREMISES ARE BEING VIDEOTAPED BY THE WHITLEY COUNTY BOARD OF EDUCATION!**

## CONTAGIOUS DISEASES AND PARASITES - HEAD LICE

The Principal, School Nurse, and Director of Pupil Personnel shall maintain and provide to parents upon request, written information about any communicable diseases, head lice, treatment procedures, and sources of support for parents of indigent students.

The Student Advocate for the migrant program students will be contacted by the Principal to aid parents of migrant program students needing assistance. The Director of Pupil Personnel, or his designee, will insure that all volunteers assisting with head lice checks are trained in detecting head lice and nits (lice eggs). The list of trained volunteers shall be provided to the Superintendent and Board for approval.

On the first day of school each year, or on the initial date of enrollment, the volunteer helper or other Principal designee shall check all children for head lice and nits (lice eggs). Other head lice checks will be made at each school at the Principal's discretion.

If a student is determined to have head lice, a parent or an authorized school staff person will take the child home. If the parent cannot be contacted, the student is to be separated from other students sufficiently as judged by the Principal or designee to prevent any spreading of the head lice.

Though the student is separated, instructional assignments are to be provided. Sensitivity to the student's feelings is to be understood and considered by all staff members.

If nits are found on a student, the student may be excused for an absence of no more than one calendar day. The student and parents are to be encouraged that if the problem can be rectified before the following day, the student can be brought back to school by the parent to ascertain that proper treatment has been provided and the nits have been removed. The student cannot return to school until all nits have been removed. Exceptions may be made by the Principal due to problems in scheduling a doctor's appointment and/or in the case of parents' making appropriate efforts to eliminate the problem, but upon inspection discovered that a few nits were missed.

If the student returns after one day of excused absence and nits are still present, the student may be suspended for willful disobedience for the following days as an unexcused absence. The student may be suspended each day thereafter as long as nits are present on the student. After the third successive unexcused absence, the student becomes a truant from school and due process proceedings for truancy may be filed.

**WHITLEY COUNTY SCHOOLS  
CODE OF ACCEPTABLE BEHAVIOR AND DISCIPLINE**

**Mission Statement**

We, the staff of the Whitley County School District, believe that ALL students can learn. It is our responsibility to ensure that ALL students acquire the essential skills necessary for them to function as productive citizens.

**Policy Statement**

The Board of Education's primary concern is that students who wish to learn can do so in an environment conducive to learning and that disciplinary means be employed on behalf of those who would destroy or deny such an environment. A code of conduct applicable to all students has been developed to enhance this environment.

The code of conduct provides for consistent treatment for all students, fairness as required by constitutional due process, an atmosphere of open communication and clearly understood rules, and encourages behavior that will enable students to develop to their fullest potential. Students will be responsible for this code in school, on the way to and from school, on school buses and at school-sponsored or related activities both at home and away from home. It is expected that all concerned in the application of this code of conduct will use sound, fair and equitable judgment without regard for race, gender, or disability.

**RIGHTS AND RESPONSIBILITIES**

The protection and safeguards of the United States Constitution, and more particularly the Bill of Rights, applies to all students. Responsibility is inherent in all rights. No student or other person involved in the public schools can realize his rights unless he also exercises the self-discipline and care to afford all others the same rights and does not allow his own actions to infringe on the rights of others. The school environment is a community of individuals who have the right and responsibility to know the basic standards of conduct and behavior expected.

**STUDENT RIGHTS AND RESPONSIBILITIES**

A. Students have the right to:

- (1) A meaningful public education, the maintenance of high educational standards, and a system of public education which meets the needs of the individual student.

**CODE OF ACCEPTABLE BEHAVIOR**

**INTRODUCTION**

The Whitley County Board of Education requires high standards of personal conduct from each student to promote respect for the rights of others and to accomplish the purposes of the schools. The Board also requires compliance with established standards and rules of the district and the laws of the community, state, and nation.

The central purpose of the school system is to educate each student to the highest level possible. To support the success of the educational program, the Board directs employees to hold each student accountable to Code standards in a fair manner. Compliance with the standards is necessary to provide:

- orderly operation of the schools,
- a safe environment for students, district employees and visitors to the schools,
- opportunities for students to achieve at a high academic level in a productive learning environment,
- assistance for students at risk of failure or at risk of engaging in disruptive behavior,
- regular attendance of students, and
- protection of property.

The District Discipline Code shall establish standards of acceptable student behavior and discipline and may include District-wide standards of behavior for students who participate in extracurricular and co-curricular activities. (9.438)

At the beginning of the school year, students shall receive orientation to the Code. Orientation shall include, but not be limited to, assembly programs and classroom instruction. When they initially enroll, new students will be directed to the district and school websites where they can view and download a copy of the Code.

Location of the Code shall be forwarded to parents by the students. A form will be sent home with all students directing parents/guardians to the location of the Code. Parent/guardians will be asked to sign and return the form to the school.

Teachers shall receive orientation to the Code before students enter schools.

This Code applies to **all** students in the District while at school, on their way to and from school, while on the bus or other District vehicle, and while they are participating in school-sponsored trips and activities. The Superintendent/designee is responsible for its implementation and application throughout the District. The Principal is responsible for administration and implementation of this Code within his/her school in a uniform and fair manner without partiality or discrimination. Teachers and other instructional personnel are responsible for administering Code standards in the classroom, halls, and other duty assignment locations.

**This Code establishes minimum behavior standards. Recognizing that each school, grade or class may require special provisions, school councils, administrators, and teachers have full authority to make rules to enforce these standards in keeping with their areas of responsibility.**

In cases involving students with disabilities, the procedures mandated by federal and state law, and the student's Individual Education Plan shall be followed. This applies to situations that might occur in the school setting or while riding the bus.

All policies and procedures in this Student Discipline Code are intended to reflect current federal, state and local requirements, Gun-Free Schools Act of 1994, etc. However, any changes made by the Board of Education to the policies and procedures supersede those printed here and may be found in the Policy and Procedures Manual in the office of the Superintendent.

## DISCIPLINE

### **A. Corporal Punishment**

Effective July 1, 1992, the Whitley County Board of Education has granted each school SBDM or Effective Schools Council the authority to determine the Corporal Punishment Policy of the school within the guidelines of the Kentucky State Department of Education and

the Whitley County Board of Education.

**B. Disciplinary options (in school)**

Behavioral contracts  
 Confiscation of prohibited item  
 Constructive special assignments  
 Counseling  
 Detention – Morning, After-school and Saturday  
 Extended loss of privileges  
 Parent Conference  
 Schedule changes  
 Temporary removal from class  
 Verbal reprimand or warning  
 In-School Suspension (ISS)

Probation - Probation may be imposed for infractions of school rules or policies where the infraction does not necessarily warrant removal from the school by suspension. Should the student breach the conditions imposed for probation, the student may be suspended from school or may be subject to any of the other authorized actions pursuant to the Code. Re-admittance to class may be conditional upon good behavior during a specified period.

Alternative Placement - This program is designed to help eliminate some out-of-school suspensions. Students may be assigned to the highly structured environment if their behavior warrants an alternative setting.

Detention – Is time assigned to a student after school or on Saturday for violations of the Code of Conduct. For grades K-2 detentions will be assigned at principal discretion. For grades 3-12 there is required after-school attendance for 2 hours and Saturday school for 4 hours.

**C. Disciplinary options (out of school)**

**KRS 158.150: Suspension or Expulsion of Pupils.**

All pupils admitted to the common schools shall comply with the lawful regulations for the governing of the schools:

- (1) Willful disobedience or defiance of the authority of the teachers or administrators, use of profanity or vulgarity, assault or battery or abuse of other students, the threat of force or violence, the use or possession of alcohol or drugs, stealing or destruction or defacing of school property or personal property of students, the carrying or use of weapons or dangerous instruments, or other incorrigible bad conduct on school property, as well as off school property at school-sponsored activities, constitutes cause for suspension or

- expulsion from school; and
- (2) Assault or battery or abuse of school personnel; stealing or willfully or wantonly defacing, destroying, or damaging the personal property of school personnel on school property, off school property, or at school-sponsored activities constitutes cause for suspension or expulsion from school.

**KRS 158.150. Section 3: Removal of Threatening or Violent Students**

School administrators, teachers, or other school personnel may immediately remove or cause to be removed threatening or violent students from a classroom setting or from the district transportation system pending any further disciplinary action that may occur.

Suspension - Suspension shall mean a denial of attendance of any single subject or class, or any full schedule of subjects or classes, or any other type of activity conducted by or on behalf of the particular school for the stated period of time. The suspension shall not exceed ten (10) days.

\*A student can be suspended from riding a school bus and not be suspended from attending school. However, suspension from a bus includes all buses within the school system during the term of suspension.

Expulsion - Expulsion shall mean a denial of attendance of any single subject or class, or any full schedule of subjects or classes, or any other type of activity conducted by or on behalf of the Whitley County School District, or any combination of the foregoing, for a period of time not to exceed the current school year. An expulsion also may include a denial of admission to or entry upon real or personal property owned, leased, rented or controlled by the Whitley County Board of Education.

Due Process - Due process must be given before educational benefits are taken away and shall include:

1. Oral or written notice of the charge(s) against them,
2. An explanation of the evidence, if the student denies the charge(s), and
3. An opportunity to present their own version of the facts concerning the charge(s).

Suspension/Expulsion Procedures for Exceptional Students –

Pursuant to Board Policies 09.431, 09.434, and 09.435 Students with disabilities being considered for suspension or expulsion must be handled according to state and federal regulations. The procedures are included in the Whitley County IDEA Policies and Procedures manual. The following is a review of the procedures for suspension/expulsion.

If the suspension is for a minor infraction and no further disciplinary action is planned, then the student is suspended with appropriate due process procedures being followed. An ARC meeting is not required unless requested by the parent or principal or their service providers.

1. If the infraction is serious enough to warrant a long-term suspension (ten days or more) or expulsion, or the suspension will cumulatively exceed ten days during the school year, an ARC meeting must be held. Parents are given prior written notification of the ARC meeting and notice of the proposed action. The ARC should convene as soon as possible, but no later than three (3) days after the suspension. In cases involving expulsion, the school may not recommend expulsion until the ARC is held. Parents are given a copy of their rights, which include the right to a due process hearing if they disagree with the ARC's determinations as outlined below.
2. The ARC must determine:
  - if the IEP and placement are appropriate and being fully and correctly implemented; and
  - whether the behavior or misconduct is a manifestation of the disability.
3. If the ARC finds that the IEP or placement are not appropriate or not being fully and correctly implemented, appropriate modifications are written into the IEP and no further disciplinary action occurs.
4. If the ARC finds that the IEP and placement are appropriate and being fully and correctly implemented, then it shall consider whether the behavior was a manifestation of the disability. If so, then the student shall not be subject to further suspension or consideration for expulsion.
5. If the ARC determines that the behavior is not related to the disability, this should be set down as a written determination and transmitted directly to the Superintendent. The Superintendent may recommend expulsion to the local Board of Education; however, educational services for the student, according to his/her IEP, shall not be terminated during the period of expulsion.
6. If the parent disagrees with the action of the ARC, the parent may request a due process hearing and the student shall return to his/her current educational placement after the period of suspension. The student shall remain in this placement during any administrative or judicial proceedings unless the ARC members, including parents, agree otherwise. School personnel may seek injunctive relief through the courts if the parent and other members of the ARC cannot agree upon a placement.

NOTE! Any student with disabilities subject to discipline under the Gun-Free Schools Act may be placed in an interim alternative education setting for no more than 45 calendar days. During this period, the parent may request a due process hearing to contest the change of placement. However, the school district cannot be compelled to return the student to his/her original placement during the "stay put" period on the interim alternative setting.

### **SCHOOL RESOURCE OFFICER**

Security cameras monitor hallways and entrances to our schools both during and after school hours. A two-way radio communications system is in place throughout the district. A key

component of school safety in our district is a partnership with law enforcement officials providing collaboration in the event of violent/disruptive behaviors on school property. A sheriff's deputy is assigned to our district and maintains high visibility in our schools.

### **SEARCH AND SEIZURE**

Students have the right to be secure from unreasonable searches of their person and property. However, school authorities are authorized to search a student if they have reasonable suspicion that the search will reveal evidence that the student has violated or is violating this Code or a school rule or the law. Also, school authorities may conduct general inspections of jointly held property on a regular basis. All searches will be conducted in accordance with Board policy. Drug dogs or other law enforcement devices may be used. Students cannot expect to have complete privacy in school property assigned for their use, such as desks and lockers. School officials may search a vehicle parked on school properties if they have reasonable suspicion that the vehicle contains contraband or evidence of a board or law violation.

### **USE OF REASONABLE FORCE BY STAFF**

School personnel may use reasonable physical force to restrain a student per board policy that can be accessed on the District web page or at the Board of Education.

### **REPORTS TO LAW ENFORCEMENT OFFICIALS**

When they have reasonable belief that certain violations have taken place, principals are required by law to immediately report the violations to law enforcement officials. Violations on school property or at a school-sponsored function requiring a report to the law enforcement officials include:

- Assault involving the use of a weapon
- Sexual offense
- Possession, distribution, or under the influence of alcohol or any illegal drug
- Robbery/burglary
- Arson

- Possession or use of a weapon (see KRS.527.020 for legal definition)

In addition to violations of this Code, students may also be charged with criminal violations.

### **WEAPONS**

Students are never allowed to bring a weapon/look alike weapon to school. The Board urges parents and other citizens to make sure that students do not have inappropriate access to weapons.

Both Board policy and the law prohibit the carrying, bringing, using, or possessing of any weapon or dangerous instrument in any school building, on school grounds, in any school

vehicle, or at any school-sponsored activity. Except for authorized law enforcement officials, the Board specifically prohibits the carrying of concealed weapons on school property.

When a student violates the prohibition on weapons, the Principal shall immediately make a report to the Superintendent, who shall determine if charges for expulsion are to be brought before the Board. Unless the Board chooses to consider charges on a case-by-case basis, the penalty for students bringing a firearm or other deadly weapon, destructive device, or booby trap device to school or onto the school campus/property under jurisdiction of the District shall be expulsion for a minimum of twelve (12) months. (The Gun-Free Schools Act of 1994 and KRS 158.150)

District employees must also report to law enforcement officials if they know or have reasonable cause to believe that conduct has occurred on the school premises, on a school bus, or at a school-sponsored or sanctioned event.

### **GRIEVANCES**

Students and parents wishing to express an educational concern or grievance shall observe the following order of appeal:

1. Teacher
2. Principal
3. School Council
4. Superintendent
5. Board

Information on filing a formal complaint or grievance is available at the Central Office or in all principals' offices.

All students shall receive annual instruction in school bus safety.

### **CONDUCT ON SCHOOL BUS (09.226)**

Pupils shall conform to transportation rules and regulations prescribed under state statutes and under state and local regulations.

Instruction in bus conduct and safety shall be provided to all transported students. Instruction shall include the following rules:

- Pupils shall not cross the roadway when entering the school bus until signaled to do so by the bus driver.
- When students are required to cross the roadway when entering or leaving the school bus, crossings shall be made in front of the bus. Pupils shall cross approximately ten (10) feet in front of the bus in order that they may be seen by the bus driver.

### **AFTER SCHOOL BUS ROUTES**

Extended School Services After-School Tutoring route drivers will deliver students to the location at which they are picked up on their regular routes.

After-School Activity route drivers, including detention, do not deliver students to the location at which they are picked up on their regular routes. Students are delivered to the closest elementary school and other designated place on the main road.

### **TRANSPORTATION PROCEDURES ON INCLEMENT WEATHER DAYS**

There will be days when it is necessary to completely close school because of inclement weather conditions. Please have a plan in place for your child to stay with neighbors, relatives, or somewhere else in the event you cannot stay home.

Under Plan B, our buses will travel only safe roads. There will be assigned pick-up and drop-off locations for Plan B. You may call Bus Garage Personnel for those pick-up and drop-off locations. Be prepared to get your child to the Plan B bus stop when we are operating under this plan. Be prepared for a time delay. When schools are operating under Plan B, schools may begin at the usual time or be on a time delay. A time delay could also be in effect when buses are running regular routes. Local media sources will always announce any changes in transportation.

In the event of early dismissal because of inclement weather, school buses will deliver students as close as possible (in judgment of school bus driver) to the home stop. Buses will not operate on roads that are unsafe.

On these emergency inclement weather days, appropriate notification shall be given to the news media and the district will notify parents with the District's phone messaging system. Parents are instructed to listen for the appropriate announcements so that they can anticipate this change in schedule.

**The following procedures shall be followed in determining the closing of schools when snow or inclement weather prohibits the transporting of students on school buses.**

The Superintendent, Transportation Director, and his staff shall determine the condition of roads in the school system.

The Superintendent or his designee shall make a determination regarding school closing and notify necessary media. Every attempt will be made to reach a determination by 6:00 A.M.

**DISCIPLINE PROCEDURE PLAN FOR TRANSPORTATION**

2. Bus Pass Procedure

Students who plan to ride a bus other than their standard assigned bus or who plan to get off the bus at a different location must have a bus pass. A request must be submitted at the principal's office on the day of the planned ride. It must state in writing that the student has permission from his/her legal guardian to ride a different bus or get off at a different location, be signed by the legal guardian of the student, list the bus number, if possible, and state a phone number where the legal guardian can be reached for verification of the note. **NO BUS PASSES WILL BE GRANTED BY PHONE CALLS ALONE. THE PERMISSION MUST BE IN WRITING.** The principal or his/her designee must sign the bus pass. This policy is to ensure the safety of your child.

3. Bus Regulations

- A. Should the conduct of a pupil on the bus endanger the lives or morals of other people and the offending pupil fails to cease such conduct when requested by the bus driver to do so, it shall be the duty of the driver to put the offender off the bus and report his action to the Principal immediately. This should be done only in extreme cases and as a last resort to protect the safety of the other pupils.
- B. Any complaints of drivers, pupils, or parents not specified in the above regulations shall be reported promptly to the Principal, Superintendent, or Transportation Director.

### **Access to Electronic Media**

(Acceptable Use Policy)

The Whitley County School System is pleased to offer a network that supports and enhances teaching and learning by providing staff/students access to informational resources beyond the confines of the school. The Whitley County Board of Education supports the right of students, employees and community members to have reasonable access to various formats of information and believes users should utilize this opportunity in an appropriate and responsible manner.

**AGREEMENT/PERMISSION FORM**

[KRS 156.675](#) requires that each District adopt and implement an acceptable use policy. The purposes of this policy are

- To educate,
- To provide protection against violations of privacy,
- To prevent misuse of public resources,
- To protect against inappropriate or destructive behaviors, and
- To ensure that technology resources are dedicated to improving student achievement and school administration.

The Superintendent and the District Technology Committee have developed and implemented these procedures to provide guidance for access to electronic media (including, but not limited to, the Internet, email, telephones, and other District technological resources). Each user, as well as parents or legal guardians of minor students (those under 18 years of age) shall be required to sign a permission/agreement form located at the end of this document. This signature sheet shall be kept on file as a legal, binding document. In order to modify or rescind the agreement, the student's parent/guardian (or the student who is at least 18 years old) must provide the Superintendent/designee with a written request.

#### **NETWORK ACCESS AND USE**

Upon signing this agreement, each user will be given a unique username and password. This username and password should be used each time network access is required. Users should not give out their passwords nor should they use others' passwords. The network is provided for educational purposes and resources should be used in a manner that is consistent with Whitley County School System standards.

#### **INTERNET**

The Internet is provided to further educational goals and objectives. It is considered a District resource and is intended primarily for business and educational use. Every user has a responsibility to maintain and enhance the Whitley County School System's public image and to use their access to the Internet in a productive manner. Students should not reveal their name and personal information to or establish relationships with "strangers" on the Internet, unless a parent or teacher has coordinated the communication.

The Whitley County School System makes every attempt to keep our students safe while on the Internet. Internet access is filtered and logs of Internet activity are examined periodically to detect access to objectionable material, as defined by the District. Internet safety measures, which shall apply to all District-owned devices with Internet access or personal devices that are permitted to access the District's network, shall be implemented that effectively address the following:

- Controlling access to inappropriate and/or harmful material
- Safety and security of minors when accessing Internet and all forms of electronic communications
- Preventing unauthorized access, including "hacking" and other unlawful activities
- Unauthorized disclosure, use and dissemination of personal information regarding minors

Although we make every effort to block inappropriate material, families should be warned that some material may contain items that are illegal, defamatory, inaccurate, and/or potentially offensive to some people. Staff and students that unexpectedly come across such sites should report them to the proper officials. The Board's designee may disable a technology protection measure during use by an adult if necessary to enable access for bona fide research or other lawful purpose.

In accordance with the Children's Internet Protection Act (CIPA), staff members are expected to teach responsible use to students as well as provide guidance and supervision of students using the Internet on school premises. Just as educators are expected to select instructional materials and recommend research sources in print media, staff members are expected to select and guide students on the use of instructional materials on the Internet.

More information on Internet safety can be found at [www.whitley.kyschools.us](http://www.whitley.kyschools.us). Ultimately parents/guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources.

### **ELECTRONIC MESSAGING**

An email account will be created for each staff member and student in grades 3-12 in the Whitley County School System. The District encourages the use of electronic messaging for efficient and effective communication. Email is intended primarily for business and educational use; however, the Whitley County School System realizes that personal email is an acceptable form of communication but this type of communication should be limited.

Every user has a responsibility to maintain and enhance the School System's public image and to use school system provided email in a productive manner. Staff will employ electronic mail on a daily basis at work as a primary tool for communications. The District may rely upon this medium to communicate information, and all staff will be responsible for checking and reading messages daily. The Whitley County School System provided email system is the only email system that is to be used on the Whitley County School System network. District resources may not be used to establish or continue e-mail accounts through third party providers or any other nonstandard electronic mail system.

Electronic mail and telecommunications are not to be utilized by employees to share confidential information about students or other employees. Network and school administrators may review files and communications to maintain system integrity and to ensure that staff members and students are using the system responsibly. Each user is responsible for the content of all text, audio, or images that he or she places on or sends over the Whitley County School System network.

No email or other electronic communications may be sent which hides the identity of the sender or represents the sender as someone else. All messages should contain the user's name. Any messages or information sent by the user via an electronic network (e.g. bulletin board, online service, or Internet) are a reflection on the Whitley County School System. While some users include personal "disclaimers" in electronic messages there is still a connection and the statements may be tied back to the Whitley County School System. All communications sent by the user must comply with this and other District policies and may not disclose any confidential or proprietary information of the Whitley County School System.

### **TELEPHONES**

The Whitley County School System provides telephones in each classroom. Telephones are part of the communications network and are therefore considered school system resources entitled to the same procedures and regulations as other electronic media.

### **GENERAL PRINCIPLES**

Staff and students are responsible for appropriate behavior on the Whitley County School System communication network just as they are on school premises. Users are expected to comply with the Whitley County School System standards and honor the agreements they have signed. Beyond clarification of such standards the Whitley County School System is not responsible for restricting, monitoring, or controlling the communications of individuals utilizing the network. Within reason, freedom of speech and access to information will be honored.

The following behaviors are not permitted on Whitley County School System networks:

- Violating State and Federal legal requirements addressing student and employee rights to privacy, including unauthorized disclosure, use and dissemination of personal information by sharing confidential information about students or employees
- Sending or displaying offensive messages or pictures, including those that involve:
  - Profanity or obscenity; or
  - Harassing or intimidating communications
- Organizing political campaigns
- Engaging in practices that threaten the network (i.e., loading files that may introduce a virus)
- Violating copyright laws, including illegal copying of commercial software and/or other protected material
- Using others' passwords, "hacking" or gaining unauthorized access to computers or computer systems, or attempting to gain such unauthorized access
- Trespassing in others' folders, documents, or files
- By-passing the Internet filtering system
- Intentionally wasting limited resources, including downloading of freeware or shareware programs
- Employing the network for commercial purposes, union business, financial gain or any illegal activity
- Violating regulations prescribed by the network provider
- Preparing or assembling materials for religious institutions

Inappropriate behaviors, violations, or complaints will be reported to the supervisor/building Principal for appropriate disciplinary action. School officials shall apply the same criterion of educational suitability used to review other educational resources when questions arise concerning access to specific databases or

other electronic media. Violations may result in a loss of access and/or disciplinary actions. When applicable, law enforcement agencies may be involved.

#### **SOFTWARE**

There is to be no unauthorized software downloaded and/or installed to the Whitley County School System network. The District must approve all software downloaded and/or installed.

#### **COPYRIGHT ISSUES**

The users of the Whitley County School System network may not transmit copyrighted material. All users obtaining access to another District's or individual's materials must respect all copyrights and may not modify or forward copyrighted materials, except with permission or as a single copy to reference only. Failure to observe copyright or license agreements may result in disciplinary action.

#### **PRIVACY**

Users of the Whitley County School System network should be aware that information accessed, created, sent, received, or stored on the network is not private and is subject to review. All information is the property of the District. The District reserves the right to access and monitor all messages and files on the Whitley County School System network.

#### **NETWORK STORAGE**

Network storage is provided for staff and students of the Whitley County School System. The storage area is for educational purposes only and should be limited to only files needed for such. Users should not use the network to store games, music, movies or offensive material. Each user is responsible for the content of all text, audio, or images that he/she places on the network. Network and school administrators may review files to maintain the system integrity and to ensure that all are using the system responsibly.

#### **WEB CONTENT**

The content of the Whitley County School System Website shall be consistent with the purpose of supporting and enhancing learning and teaching. Users who publish pages on the site should use criteria appropriate to selecting materials that enrich the learning environment. The web page content should be accurate, objective, and current. Student artwork, writing, and/or picture may be placed on the Internet, but at no time shall pictures of students be associated with the student name. No home address or telephone number shall appear on the site.

#### **VIOLATIONS**

Investigations will be made into complaints regarding misuse of resources. Any user who abuses the access to the Whitley County School System network, e-mail or the Internet will be subject to appropriate disciplinary action. If necessary, the District also reserves the right to advise appropriate legal officials of any illegal violations.

#### **EMPLOYEE USE**

Employees are encouraged to use electronic mail and other District technology resources to promote student learning and communication with the home and education-related entities. If those resources are used, they shall be used for purposes directly related to work-related activities.

Technology-based materials, activities and communication tools shall be appropriate for and within the range of the knowledge, understanding, age and maturity of students with whom they are used.

District employees and activity sponsors may set up blogs and other social networking accounts using District resources and following District guidelines to promote communications with students, parents, and the community concerning school-related activities and for the purpose of supplementing classroom instruction.

Networking, communication and other options offering instructional benefits may be used for the purpose of supplementing classroom instruction and to promote communications with students and parents concerning school-related activities.

In order for District employees and activity sponsors to utilize a social networking site for instructional, administrative or other work-related communication purposes, they shall comply with the following:

1. They shall request prior permission from the Superintendent/designee.
2. If permission is granted, staff members will set up the site following any District guidelines developed by the Superintendent's designee.
3. Guidelines may specify whether access to the site must be given to school/District technology staff.
4. If written parental consent is not otherwise granted through AUP forms provided by the District, staff shall notify parents of the site and obtain written permission for students to become "friends" prior to the students being granted access. This permission shall be kept on file at the school as determined by the Principal.
5. Once the site has been created, the sponsoring staff member is responsible for the following:
  - a. Monitoring and managing the site to promote safe and acceptable use; and
  - b. Observing confidentiality restrictions concerning release of student information under state and federal law.

Staff members are discouraged from creating personal social networking sites to which they invite students to be friends. Employees taking such action do so at their own risk.

All employees shall be subject to disciplinary action if their conduct relating to use of technology or online resources violates this policy or other applicable policy, statutory or regulatory provisions governing employee conduct. The Professional Code of Ethics for Kentucky School Certified Personnel requires certified staff to protect the health, safety, and emotional well-being of students and confidentiality of student information. Conduct in violation of this Code, including, but not limited to, such conduct relating to the use of technology or online resources, must be reported to Education Professional Standards Board (EPSB) as required by law and may form the basis for disciplinary action up to and including termination.

## COMMUNITY USE

On recommendation of the Superintendent/designee, the Whitley County School Board shall determine when and which computer equipment, software, and information access systems will be available to the community.

Upon request to the Principal/designee, community members may have access to the Internet and other electronic information sources and programs available through the Whitley County School System network, provided they attend any required training and abide by the rules of usage established by the Superintendent/designee.

**AUDIT OF USE**

The Superintendent/designee shall establish a process to determine whether the District's education technology is being used for purposes prohibited by law. The process shall include, but not be limited to, utilization of filtering and monitoring of logs and bandwidth.

**RETENTION OF RECORDS FOR E-RATE**

Following initial adoption, this policy and documentation of implementation shall be retained for at least ten (10) years after the last day of service in a particular funding year.

## **ATTENDANCE**

**Compulsory Attendance.** All children in the district who have entered Kindergarten or who are between the ages of six (6), as of August 1, and eighteen (18), except those specifically exempted by statute, shall enroll and be in regular attendance in the schools to which they are assigned.

Per 704 KAR 5:060, and five (5) year old child not otherwise subject to compulsory attendance laws, but who voluntarily enrolls in the primary school program at the beginning of the school year, may upon parental or guardian's written request be withdrawn from the program at any time within the first two (2) school calendar months. At the end of such trial period a child shall be considered irrevocably entered into the primary school program for purposes of KRS 159.010 and KRS 159.020.

## **School Attendance**

Pupils are required to attend regularly and punctually the school in which they are enrolled. Recording of absences and tardies shall be made in compliance with the requirements of [702 KAR 007:125](#).<sup>1</sup>

### **TRUANCY DEFINED**

Any student who has attained the age of six (6), but has not reached his/her eighteenth (18<sup>th</sup>) birthday, who has been absent from school without valid excuse for three (3) days or more, or tardy without valid excuse on three (3) days or more, is a truant.

Any student enrolled in a public school who has attained the age of eighteen (18) years, but has not reached his/her twenty-first (21<sup>st</sup>) birthday, who has been absent from school without valid excuse for three (3) or more days, or tardy without valid excuse on three (3) or more days, is a truant. Any student who has been reported as a truant two (2) or more times is a habitual truant. For the purposes of establishing a student's status as a truant, a student's attendance record is cumulative for an entire school year. When students transfer from one Kentucky district to another,

attendance information from the previous district shall become part of their official attendance record for that school year.

### **EXCUSED ABSENCES**

An excused absence or tardiness is one for which work may be made up, such as:

1. Death or severe illness in the pupil's immediate family, which is defined as parent, step-parent, brother, sister, grandparent, aunt, uncle, and first cousin;
2. Illness of the pupil (The school nurse's affidavit of the student's illness will be accepted; otherwise, written verification from a medical professional may be required after the fifth and all subsequent days absence.);
3. Clinical appointments that cannot be scheduled outside of regular school hours (Written verification may be required.);
4. Religious holidays and practices;
5. One (1) day for attendance at the Kentucky State Fair;
6. One (1) day prior to departure of parent/guardian called to active military duty;
7. One (1) day upon the return of parent/guardian from active military duty;
8. Visitation for up to ten (10) days with the student's parent, de facto custodian, or person with legal custody who, while on active military duty stationed outside of the country, is granted rest and recuperation leave; or
9. Other valid reasons as determined by the Principal, including trips qualifying as educational enhancement opportunities.

Students shall be granted an excused absence for up to ten (10) school days to pursue an educational enhancement opportunity determined by the Principal to be of significant educational value. This opportunity may include, but not be limited to, participation in an educational foreign exchange program or an intensive instructional, experiential, or performance program in one (1) of the core curriculum subjects of English, science, mathematics, social studies, foreign language, and the arts.

Unless the Principal determines that extenuating circumstances exist, requests for date(s) falling within State or District testing periods shall not be granted. The Principal's determination may be appealed to the Superintendent/designee whose decision may then be appealed to the Board under its grievance policy and procedures.

Students receiving an excused absence under this section shall have the opportunity to make up school work missed and shall not have their class grades adversely affected for lack of class attendance or class participation due to the excused absence.

### **UNEXCUSED ABSENCES**

All other absences shall be considered unexcused.

**VERIFICATION REQUIRED**

Written verification of all absences is required upon the student's return to school. Excessive absenteeism (6 or more unexcused absences) could result in the student's failing the class or classes for the year.

**NOTES REQUIRED**

All absence events and tardies will be considered unexcused until the appropriate documentation is provided to the school. These notes must be turned in within three (3) days after the absence or tardy. If the note or documentation is not received within three (3) days, the absence event/tardy will remain unexcused.

Parent Notes: A student returning to school after an absence must bring a note within three (3) days signed by his/her parents or guardian. Five (5) parent or guardian notes are accepted for excuse for each school year.

Health Care Provider Notes: A student who is absent due to illness and goes to the doctor shall within three (3) days of return to school present the health care provider's statement. The following information is required on the excuse statement:

- name of health care provider;
- date and time of appointment;
- date student can return to school;
- health care provider's signature.

Up to ten (10) days per school year may be excused with a health care provider's note. Any absence or tardy event due to medical reasons in excess of ten (10) health care provider's notes will require the presentation of the Medical Excuse Form before the absence will be excused. After ten (10) days of absence/tardiness in a school year for medical reasons, the Medical Excuse form shall be completed in order for the student to receive additional medical excuses. The Medical Excuse form is available at each school, the office of the Director of Pupil Personnel, on the official District website and by parent request at some medical facilities. Medical reasons after ten (10) absence or tardy events will be excused ONLY if the Medical Excuse Form is presented and approved.

**MAKEUP WORK**

Students shall be allowed to complete make-up work for excused absences. Requesting make-up work is the responsibility of the student, who will be allowed an amount of time equal to the number of days absent to complete the assignment. Work may be made up for unexcused absences at the discretion of the Principal and the teacher(s) involved. Students having absences because of suspensions from school are allowed to do the following:

1. Turn in for credit any project or homework assigned before a suspension occurs but due during the time of suspension. The parent and student are responsible for turning in the assignment at the school office, and
2. Complete long-term projects assigned during the suspension but not due until a date after the suspension ends.

Work assigned and due during the suspension will not be accepted.

**NOTIFICATION**

Teachers shall keep accurate records of student attendance and shall notify the parent after the second absence and the Principal or the Principal's designee after the fifth absence.

After the fifth absence, the teacher shall notify the Principal or the Principal's designee, who shall notify the Director of Pupil Personnel to contact the parents regarding the student's absenteeism.

After being informed by the teacher of the student's sixth unexcused absence, the Director of Pupil Personnel shall issue a final notice to the parents and shall proceed to take court action against the parents.

**ATTENDANCE APPEALS COMMITTEE**

An Attendance Appeals Committee shall be available at each school to review all absences in excess of five (5) and to consider the case of any student who feels that he/she has extenuating circumstances.

The Attendance Appeals Committee shall be composed of the Director of Pupil Personnel or designee, the Principal or designee, and two (2) teachers. Appeals may be made by the student, the parent/guardian, or a faculty member and shall be made in writing on an attendance waiver request form and submitted to the Principal. The Attendance Appeals Committee will hear appeals only on absenteeism. Decisions shall include an examination of the reasons for the absences and past attendance records of individual students.

The Attendance Appeals Committee shall meet to consider the appeal within five (5) school days after the filing of the appeal request and shall inform the appellant of its decision within three (3) school days after the meeting. The Board shall affirm the decision of the Appeals Committee unless it is found to be clearly in conflict with the provisions for excused absences contained in this policy.

Persons wishing to appeal the decision of the Attendance Appeals Committee shall make a written appeal stating the reasons for requesting reconsideration to the Board of Education within five (5) school days of receipt of the Committee's decision. The Board's decision shall be final.

## STUDENT SUPPORT SERVICES

### **Adolescent Health Clinics**

The Adolescent Health Clinics in the Whitley County Schools are provided and only operated when funding is available. The services provided to the students include: Preventive health, education and counseling, limited diagnosis and treatment services, referral to the appropriate health or community agency, and follow-up services.

All pupils shall undergo preventative health care examinations as required by Kentucky Administrative Regulation. The Board shall adopt a program for continuous health supervision for all pupils, including screening tests related to growth and development, vision, hearing, and scoliosis. (09.21)

### **Distribution of Medication**

Non-Prescription medication (over-the-counter) may be accepted on an individual basis as provided by the parent or legal guardian when a completed authorization to give medication form is on file (9.2241 AP.21). The medication should be in the original unopened container, dated upon receipt and given no more than three (3) consecutive days without an order from the physician/health care provider. OTC medication shall not be administered beyond its expiration date.

Prescription medications are medicines that require a written prescription from a health care provider. In order for a student to be given a prescription medicine at school, the student's health care provider and the parent/guardian must sign the permission form. No prescription medications will be accepted at school without the permission form being filled out and signed by the health care provider and parent/guardian (9.2241 AP.21). This includes Epipens, Diastat Rectal Gel, Glucagon, and Inhalers. All medicine and permission forms should be delivered to the school by the parent/guardian. The medicine must be in the original container with the pharmacy label.

The school will provide proper storage and training of personnel responsible for administering the medication. (09.2241AP.1)

### **Alternative Placement**

Whitley County offers an Alternative Education Program for those students who are not succeeding in the regular classroom environment, thus providing increased services to our middle and high school students.

### **Family Resource Youth Service Centers**

The purpose of Family Resource and Youth Service Centers is to promote the flow of resources and support to families in ways which strengthen the functioning and enhance the growth and

development of the individual members and the family unit. We ensure that families have access to and are connected with appropriate community resources and receive from those resources the help they need to promote young people's progress toward capable and productive adulthood by assisting them in recognizing their individual and family strengths and in addressing problems that block their success in school.

### **Gifted/Talented**

Regulation on Gifted Education: 704 KAR 3:285 requires that each district adopt policies and procedures which provide for identification of the strengths, gifted behaviors and talents of students in grades K-12, processing demonstrated or potential ability in one or more of the following areas: general intellectual aptitude, specific academic aptitude, creative or divergent thinking, psychosocial or leadership skills, or visual and/or performing arts. The regulation also requires that districts provide multiple service options to meet the needs of students identified as gifted/talented. A Gifted and Talented Education Handbook was created to guide teachers and administrators in the identification and service of gifted/talented students. It also communicates procedures and processes involved in Whitley County Schools' gifted education services. This document is available for referencing in each school.

### **Home or Hospital Instruction**

Home or hospital instruction will be made available to Whitley County students if the condition of the child or youth prevents or renders inadvisable attendance at school as verified by a signed medical statement in accordance with KRS 159.030(2). Local Directors of Pupil Personnel and a home or hospital teacher, in conjunction with local health personnel, shall review each medical statement and other information as available to confirm or reject the need for home or hospital instruction.

Referral and placement procedures will be followed for extended placement for children or youth on home or hospital instruction. Extended placement is for six months or longer. Any child or youth that is exempted from school attendance because of physical or mental conditions more than six months shall have two signed medical statements. Such exemptions shall be reviewed annually with a plan and time line developed for returning the child or youth to school or documentation maintained verifying why such a consideration is not feasible.

Relates to: KRS 159.030 Statutory Authority: KRS 156.070, 156.160, 157.229

### **JROTC**

The Junior Reserve Officers Training program at the Whitley County High School provides an academic course to young men and women in the area of leadership. The knowledge acquired in the JROTC program will prepare young men and women to better assume a leadership role in any position they accept in life.

**McKinney-Vento Education for Homeless Children and Youth**

The McKinney-Vento program is designed to address the problems that homeless children and youth face in enrolling, attending, and succeeding in school. Under this program, schools must ensure that each homeless child and youth has equal access to the same free and appropriate education as other children and youth and are provided with services to enable them to meet the district's challenging academic expectations to which all students are held.

**Use of Alcohol, Drugs, and Other Prohibited Substances****PURPOSE OF ALCOHOL AND DRUG POLICY AND DRUG TESTING PROGRAM**

In this day and time, alcohol and drugs have grown to major proportions in our society and the school setting is not exempt. The use of alcohol and other drugs seriously impairs the health, safety, education and future success of students engaged in their use, and could also affect other students' learning and safety; therefore, the Board is committed to create, maintain and promote a drug-free environment in all of our schools. We also want to enable our students to understand the pitfalls of alcohol/drug usage, and to benefit from the rehabilitation if they should get involved with drugs.

**GENERAL ALCOHOL, DRUG, AND OTHER PROHIBITED SUBSTANCES POLICY STATEMENT**

No student shall purchase, possess, attempt to possess, use, be under the influence of, sell, or transfer any of the following on or about school property, or at a school-sponsored activity, or en route to or from school or a school-sponsored activity:

1. Alcoholic beverages;
2. Controlled substances, prohibited drugs and substances, and drug paraphernalia; and
3. Substances that "look like" a controlled substance. In instances involving look-alike substances, there must be evidence of the student's intent to pass off the item as a controlled substance.

**SUBSTANCE ABUSE PREVENTION COMMITTEE**

A Substance Abuse Prevention Committee has been established and has the overall responsibility for implementing this policy and for doing annual reviews of its effectiveness. The Committee may consist of the school Principals, Head Coaches of the athletic teams, designated sponsors of extracurricular activities, Athletic Director, School Health Coordinator, Counselor, Superintendent, Board Members and parents.

**DEFINITIONS**

Controlled substance means any substance or immediate precursor listed in Chapter 218A of the Kentucky Revised Statutes or any other substance added by regulation under [KRS 218A.010](#).

Prohibited drugs include, but are not limited to, any substance that an individual may not sell, possess, use, distribute or purchase under Federal or Kentucky law.

Prohibited substances include:

1. All prescription drugs obtained without authorization, and
2. All prohibited substances however taken or used, including but not limited to, inhaling, ingesting, and/or injecting. These include, but are not limited to, prescribed and over-the-counter drugs, prohibited volatile substances as defined in [KRS 217.900](#) that are used or intended for use for an abusive and/or intoxicating purpose.

### **PRESCRIPTION DRUGS AND OVER-THE-COUNTER (OTC) DRUGS**

An authorized use of a prescription or over-the-counter (OTC) drug when administered in proper dosage shall not be considered in violation of this policy or state law, unless the student is attempting to distribute or sell that drug. If a student is required to take a prescription drug or an over-the-counter drug during the school day, the parent or student should deliver that drug in the original bottle or packaging to the school nurse (or other designated person), who will administer the drug to the student provided the parent has provided a permission form to do so. (See Student Policy 09.2241 and Procedure 09.2241 AP.1)

### **PENALTY**

Violation of this policy shall constitute reason for disciplinary action including suspension or expulsion from school and suspension or dismissal from athletic teams and/or other school-sponsored activities.

### **REPORTING**

When they have reasonable belief that a violation has taken place, Principals shall immediately report to law enforcement officials when an act has occurred on school property or at a school-sponsored function that involves student possession of a controlled substance on school property in violation of the law.

### **COMPONENTS OF ALCOHOL/DRUG POLICY**

The District's drug and alcohol policy consists of two (2) components: 1) Drug Testing, and 2) Sanctions/Penalties for Violations of the Policy. A description of each component is provided below.

#### **COMPONENT 1A – DRUG TESTING: ATHLETES, DRIVERS, & OTHER EXTRACURRICULAR ACTIVITIES**

To deter the unlawful use of alcohol and drugs, and to monitor compliance with this policy, all 7th through 12th grade students participating in sports, cheerleading, or other competitive, extracurricular activities are required to participate in random drug testing during the semester of the activity (This includes elementary athletes participating in middle or high school extracurricular activities). There will be multiple waves of random drug testing for each extracurricular activity, which could result in a student being tested more than once, or not at all. Student drivers and driver education students at the high school will also be subject to random drug testing during the semester of their activity. In addition, all of these categories of students

will be subject to drug testing any time there is reasonable suspicion that a student has violated this policy, student discipline code, or handbook as relates to being under the influence of drugs or controlled substances. Students asked to take a drug test and refusing to do so shall be treated as if he/she had received a positive test result.

Before a student is approved for any of these activities, the student and his/her parents must sign a consent form acknowledging that they have read, understand, and agree to be bound by the terms and conditions of this policy and the accompanying procedures. For convenience of students and their parents, a copy of this policy and the procedure shall be included in the Student Agenda/Handbook in a summary form and in its entirety on the Board website.

The testing will include the gathering and analysis of urine specimen. The procedure for collection and testing will adhere to DOT federal procedures for drug testing and more specifically as provided in this policy and corresponding procedure, which includes using a certified lab for confirmation of results to ensure the integrity of the process. (See Procedure 09.423 AP. 1 for more details.)

#### **COMPONENT 1B – DRUG TESTING: REASONABLE SUSPICION (STUDENTS DISPLAYING TYPICAL DRUG USE SYMPTOMS)**

To further deter the potential use of drugs by any student, if at any time while at school or on school property, a student demonstrates several of the symptoms that are typically associated with drug use, the Principal/designee shall contact the parent/legal guardian and request a consent signature to administer a reasonable suspicion drug test.

Symptoms that are typically displayed by a person using a drug include, but are not limited to:

Inability to stay awake	Red & bloodshot eyes	Strange odor in clothes
Not attentive	Difficulty in remembering	In a dazed state
Uncaring attitude	Defiant of authority	Inability to get along with peers

A student who refuses to submit to a reasonable suspicion drug test may be subject to disciplinary action for defiance of authority or insubordination in addition to such other disciplinary action for drug use and/or possession that the particular circumstances may warrant.

#### **COMPONENT 2 – SANCTIONS/PENALTIES FOR A POSITIVE DRUG TEST**

The sanctions listed below shall be the same for all categories of random drug tests, i.e. athletes, drivers, and/or extracurricular.

##### First Violation

- Two to four (2-4) weeks or two to four (2-4) games, as determined by the collaboration team, suspension from participation in and attendance of any/all extracurricular activities/events (except student athletes must continue to participate in team practices)
- Twelve (12) weeks of drug counseling/training\*, and/or other available intervention program approved by the Superintendent
- See “Additional Sanction Details” section (below)

### Second Violation

- Four to six (4-6) weeks and/or four to six (4-6) games, as determined by the collaboration team, suspension from participation in and attendance of any/all extracurricular activities/events.
- Drug counseling/training\*, and/or other available intervention programs approved by the Superintendent.
- If the student voluntarily enrolls in the Whitley County Juvenile Diversion Drug Court program, the suspension and drug counseling requirement would not be imposed.
- See “Additional Sanction Details” section (below).

### Third Violation

(Applies to students that did not previously enroll in Whitley County Juvenile Diversion Drug Court program).

Suspension from participation in and attendance of any/all extracurricular activities/events (including driving) for the remainder of student’s enrollment in the school or until proven that the student has completed all recommendations and approval has been given by the school appointed authorities.

It will be recommended that the student seek in-patient therapy/counseling at an outside professional facility.

#### **\*ADDITIONAL SANCTION DETAILS**

Consequences for positive tests under the random drug testing program are primarily focused on prevention, and/or early detection and intervention/rehabilitation. They are not designed, nor intended to be used, as a source of information for law enforcement agencies, or for the prosecution of a student. Therefore, students with positive drug tests receive sanctions as outlined above.

All suspensions will begin the date that the positive results are received. If necessary, the suspension will carry over to the following school year. Actual length of time that a student will be required to participate in counseling and other forms of intervention will be determined by student’s response to intervention and counselor’s recommendation. Before a student can be reinstated, he/she must demonstrate responsible actions, respond favorably to counseling, and receive a negative test result on another drug test, which will be conducted at the end of the sanction period. A positive result on this retest will be treated as another violation. Once a student has been reinstated the student’s participation in another activity will not be restricted because of the previous violation. A suspended student may try out for a 2nd sport activity understanding that he/she will be retested and must receive a negative result. If he/she successfully qualifies for the 2nd sport team, any unexpired portion of the previous suspension must be served prior to actual participation in the 2nd sport activity.

#### **CONFIDENTIALITY**

Administrators shall not use information obtained in drug testing for any purpose other than those described in this policy. A student's test results will be released only to the Principal, District Drug Coordinator, Drug Counselor, athletic coach or extracurricular sponsor/teacher, and the students' parent(s). The test results will not be released to any other person unless there is written authorization by the student and/or the students' parent or unless it is required by a subpoena or other court order.

**School Nutrition Services**

[www.whitley.kyschools.us/Pages/Nutrition.Web/Nutrition/School Nutrition.html](http://www.whitley.kyschools.us/Pages/Nutrition.Web/Nutrition/School%20Nutrition.html)

Whitley County Schools participate in the National School Breakfast and Lunch Programs and in the Child and Adult Food Care Program.

The Whitley County Board has approved that the schools may participate in the Community Eligibility Provision which allows School Nutrition to provide Lunch and Breakfast at no cost for all students enrolled in the Whitley County School System. The child must be located at their enrolled site or with an approved field trip group to receive the benefit.

Each household will still need to fill out a Household Income Form (HIF) and turn it into their school or the Whitley County Board of Education. These forms allow us to provide other district resources that utilize income information to allow free or discounted fees.

Online payments are accepted for extras. Please go to the School Nutrition Web Page to sign up to view your student's meal account or to make an online payment.

A la carte items may not be charged. Adults will not be permitted to charge meals.

## **21<sup>st</sup> Century Colonels**

The main purposes of this program are to provide opportunities for academic enrichment to help students at risk meet Federal, State, and local student performance standards in core academic subjects such as reading and mathematics; offer students a broad array of additional services, programs, and activities that are designed to reinforce and complement the regular academic program of participating students; and offer families of students served by 21<sup>st</sup> Century Colonels opportunities for literacy and related educational development.

## **Special Education**

Specially designed instruction for students with disabilities is made available to students ages 3 to 21. All children and youth with disabilities are provided a free and appropriate public education in the least restrictive environment. This instruction is at no cost to parents. Specially designed instruction in the Whitley County School System promotes a partnership between parents and educators to provide an appropriate, individualized program for all children with a disability. For information on Destruction of Special Education Records see Section 16 in General Information.

## **Section 504**

The Rehabilitation Act of 1973, commonly referred to as “Section 504,” is a non-discrimination statute by the United States Congress. The purpose of the Act is to prohibit discrimination and to assure that individuals with disabilities have educational opportunities and benefits equal to those provided to non-disabled students. An eligible student under Section 504 is a student who (a) has, (b) has a record of having, or (c) is regarded as having, a physical or mental impairment which substantially limits a major life activity such as learning, self-care, walking, seeing, hearing, speaking, breathing, working, performing manual tasks, eating, sleeping, standing, lifting, bending, reading, concentrating, thinking, and communicating.

Any student with a current physical, mental, or psychological condition may qualify for Section 504 accommodations in the instructional program and/or regular classroom environment. The accommodations would be determined to specifically meet the student’s individual needs. The services will be provided in the least restrictive environment and in barrier-free facilities comparable to those provided for non-disabled students.

## **Title I**

Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA), provides local school districts with extra resources to help improve instruction in high-poverty schools and ensure that poor and minority children have the same opportunity as other children to meet challenging state academic standards. The *No Child Left Behind* Act of 2001 reauthorizes the ESEA and incorporates nearly all of the major reforms proposed by President George W. Bush’s

*No Child Left Behind* framework for education reform, particularly in the areas of assessment, accountability, and school improvement.

The new law requires states to develop standards in reading and math and assessments linked to those standards for all students in grades 3 – 8. Schools must use Title I funds for activities that scientifically-based research suggests will be most effective in helping all students meet these state standards. States must also develop annual yearly progress (AYP) objectives that will result in all students achieving proficiency in reading and math within twelve years. Biennial state participation in the state-level version of the National Assessment of Educational Progress will provide benchmarks for ensuring the rigor of state standards and assessments.

The changes in the law mean new roles for districts, principals, teachers, and parents. District administrators implement school improvement by helping schools develop programs and by supporting professional development. Principals work with teachers to determine the most effective Title I services for their schools; teachers work to expand and update their skills through high-quality professional development. Partnership compacts between parents and school spell out shared goals, expectations, and responsibilities.

Every Title I school must use resources to help students meet state performance standards for all children; use effective means of improving student achievement; use instructional strategies that provide an accelerated, high-quality curriculum; provide instruction by highly qualified staff; provide opportunities for professional development; and provide strategies to increase parental involvement.

### **NOTIFICATION OF RIGHT TO REQUEST TEACHER QUALIFICATIONS**

The educators in Whitley County schools are committed to providing a quality instructional program for your child. This notice is just one of the ways of keeping you informed of the educational commitment of our schools and our district.

Our district receives federal funds for Title I programs as a part of *the No Child Left Behind Act* (NCLB). Under NCLB, you have the right to request information regarding the professional qualifications of your child's teacher(s). If you request this information, the district will provide you with the following:

1. Whether the teacher has met the state requirements for licensure and certification for the grade levels and subject matters in which the teacher provides instruction;
2. Whether the teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived;

3. The college major and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree; and
4. Whether your child is provided services by paraeducators, and if so, their qualifications.

If you would like to request this information, please contact Paula Trickett by phone at 549-7000 X 2037 or by email at [paula.trickett@whitley.kyschools.us](mailto:paula.trickett@whitley.kyschools.us). Please include your child's name, the name of the school your child attends, the names of your child's teacher(s) and an address or email address where the information may be sent. ### **TITLE I COMPLAINT PROCEDURES WHITLEY COUNTY SCHOOLS**

NCLB requires that there exist a written procedure for the receipt and resolution of complaints alleging violations of Title I, Part A in the administration of the program.

Every effort will be made to resolve issues and to answer inquiries at the most direct and immediate level. This resolution is facilitated through regular contact between district staff and participating school representatives. If an issue cannot be satisfactorily resolved in this manner, a formal complaint procedure may be implemented.

All formal complaints should be in writing and addressed to:

Paula Rickett, Title I Director  
300 Main Street  
Williamsburg, KY 40769

The written complaint must contain the following:

- The name of the complainant and contact information
- The nature of the complaint (the specific violation of the administration of the Title I, Part A program)

A response to the formal complaint will be issued within thirty working days upon its receipt. After the complainant has received the response, he/she has thirty days to then appeal the local decision. This appeal must be filed in writing with the Kentucky Department of Education in compliance with (704 KAR 3:365).

### **Title III - Language Instruction for Limited English Proficient and Immigrant Students**

Students with Limited English Proficiency (LEP) come with diverse histories, traditions and varied educational experiences. The term 'Limited English Proficient' has been defined in Title IX of the No Child Left Behind Act under the General Provisions Part A, Section 9101. The Whitley County School District strives to provide the most appropriate learning opportunities for English Language Learners (ELL) while accommodating for their special needs in the classroom. Our teachers create an effective learning environment for LEP/ELL students with a classroom atmosphere that promotes the rapid integration of newly arrived students into the life of the school. This environment is non-threatening and has a good understanding of the culture and background of the new student. Our district plan is to ensure and help develop programs and resources that will reduce or eliminate language barriers so that all students can learn equally.

### **Title IX**

Title IX is the portion of the Education Amendments of 1972 that prohibits gender discrimination in educational institutions that receive federal funds. Title IX states that no

person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or extracurricular activity. All schools must provide equitable access to their educational and extracurricular opportunities and activities for admitted students.

### **Coaching Requirements**

Coaching requirements are covered in Bylaw 27 (<http://www.khsaa.org/handbook/bylaws/bylaw27.pdf>) of the KHSAA handbook and include: CPR training, Medical Symposium attendance, Rules clinic attendance, and Coaches Education course work. There is a checklist in Appendix A that each coach should turn in to the Athletic office prior to the beginning of your season. Each coach that has a booster club that sponsors his/her sport must complete the Athletic Booster Club Agreement Contract and submit an expenditure report quarterly to the Athletic Director. WCHS coaches and booster treasurers will follow KHSAA policies and procedures.

### **Booster's Groups**

It is clearly recognized that the best athletic programs in public schools in the United States have very active booster's groups supporting their athletic teams. We encourage every team to try to organize parental support to help provide the best athletic experience possible.

Whitley County School Guidelines for the formation of any booster's group supporting any school sanctioned athletic team include:

- Provide Financial Report (All expenditures and receipts – July 1 to June 30. Each booster will be required to send a quarterly report to the Athletic Director in order to ensure equity in spending between male and female sports.)
- Provide listing of officers (on a booster club application – renewed annually).
- Provide updated by-laws
- Provide an estimated budget
- Follow proper procedures in conducting fundraisers.

### **Athletic Awards**

All teams are expected to have Senior Night at the last home game and an awards ceremony to close each season. A service bar will be given to all athletes who letter.

An athlete must complete the season in order to receive any award (excepting a season ending injury.) All issued equipment must be returned and all athletes are expected to attend their respective awards programs. All awards are displayed in the trophy case in the front lobby of the

gymnasium. The Athletic Director will monitor the granting of awards to ensure equity is maintained. Any senior applying for a scholarship will be considered, and equity will be monitored in the issuing of scholarships.

### **Banners**

All teams (male and female) sell sponsorships to local businesses. Once the teams receive a sponsorship, banners will be made with the business logo printed on the banner. These banners are hung in the gymnasium during basketball and volleyball season, and on the fence during baseball, softball, and football season. Track banners are hung on the fence at the track field. Wrestling and golf banners are hung in the front foyer of the high school.

Each sport that receives a district, regional, or state recognition will receive a banner listing all members' names and coaches. These banners are hung in the appropriate playing facility for each sport. Banners which display athletic sports records for male and female sports will be placed in the lobby of the gym and will be updated annually.

### **Photographs**

Team pictures of all sports (male/female) are displayed in the trophy case in the front lobby of the gymnasium and in the sports programs that are available during each season. Each team's picture is in our Whitley County District Ed Newspaper, Whitley Republican and Times Tribune Newspaper. During the year local newspapers will publish various action shots, teams and individual accomplishments of sports, male and female.

Volunteers are requested to sign in and out when participating in our schools or during school-related activities. Schools or the Site-Based Decision-Making Councils regulate the volunteer program at their respective schools. Volunteer opportunities include field trip monitors, classroom/staff assistants, bulletin board designers, as well as janitorial, food service, clerical, instructional, and sports assistants. The PAVE program helps to maintain an organized volunteer program to ensure that our schools are safe and orderly.

**Addendum to WCHS Absence Policy  
Effective School Year 2011-2012**

Beginning with the school year 2011-2012, Whitley County High School will implement a new attendance policy. The policy pertains to those students who accumulate 15 absences (excused, unexcused or in combination) during the school year. Tardies which also accumulate to an absence will be considered. This policy is not intended to take the place of the existing absence policy but is an extension of the original policy which can be found in the school and district handbooks.

Upon accumulating the fifteenth absence, students will be notified via the Principal's office that they are considered as having excessive absenteeism and will therefore face certain penalties. Upon accruing the fifteenth absence and receiving notification, these students will no longer be permitted to participate in extracurricular activities that are affiliated with Whitley County High School. The list of non-permitted activities will include but are not limited to the following: field trips associated with particular classes or clubs, competitions associated with school clubs, athletic events or practices in which the student is a participant, school dances, the Senior prom, after school club meetings, driving privileges on campus, the ability to participate in the Co-Op program as a senior and other extracurricular activities as specified by the Principal.

An appeals process via committee will exist for those students who feel they have extenuating circumstances which led to excessive absenteeism. Any appeal request must be made known to the principal in writing at least five school days prior to the event the student wishes to participate in. If an appeal is granted by the committee, the student will then be permitted to participate in extracurricular activities.

Each week teachers can expect to receive an email containing a report detailing students who have 15 or more absences. Teachers/Coaches are required to use the most current report when planning extracurricular or athletic activities. Students will be notified of their absentee status through a meeting with the Principal.
