

Renaissance Star Assessments® Crosswalk for Upgraded Customers

Educators can expect a new look and feel while navigating through Renaissance® products – changes designed to make accomplishing your key tasks easier and to ensure that the products you have work well together. You'll notice centralized reporting for Reading and Math and an updated Record Book designed for reviewing student performance, managing groups (including the ability to create groups across multiple classes), and viewing instructional resources. Use the table below to quickly find the reports and key metrics you need to answer your data questions.

Question	Key Metric(s)	Renaissance Place (Legacy Platform)	Renaissance Growth Platform	Helpful Hints
Which students are reaching benchmark? Which students need intervention?	Percentile Rank (PR) Scaled Score (SS) District, school, or state benchmarks	Star Screening Report (class, group, or grade) Record Book	Star Screening Report (class or grade) Record Book	<ul style="list-style-type: none"> Adjust default screening windows to reflect your school/district screening windows before running the Star Screening Report. Customize the District and School benchmarks to meet the needs of your district/school before running the Star Screening Report. Choose your screening window and District, School, or State benchmark when generating the Star Screening Report. The "Group By" selection in the customization option for this report allows you to group by classes, teachers, or an entire grade level.
How are individual students in my class performing on grade-level domains? How much time did it take for the student to take the test? Are there any test fidelity indicators I should be concerned with?	Domain scores Test duration Fidelity indicators	Student Diagnostic Report	Star Diagnostic Report	<ul style="list-style-type: none"> To drill down beyond domains to standards and skills, view the Monitor Student Mastery Dashboard. Check test duration and test fidelity indicators if results of a test administration are not expected. For more on fidelity indicators, see Preferences.
How did my class perform on the latest Star assessment?	Scaled Score (SS) Percentile Rank (PR) Record Book	Summary Report Track Student Work Dashboard Review Results Dashboard	Star Summary Report Record Book	<ul style="list-style-type: none"> To look at class performance, view the PR distribution found at the bottom of the Star Summary Report. To deactivate a Star Assessment, access the Record Book or Track Student Work Dashboard. Normed scores for Star Spanish are currently available for the following grades: Star Reading Spanish: 1-8 Star Math Spanish: 1-8 Star Early Literacy Spanish: K-3 To view Star Spanish data for Grades 9-12, view the Monitor Student Mastery Dashboard or the Record Book.

Question	Key Metric(s)	Renaissance Place (Legacy Platform)	Renaissance Growth Platform	Helpful Hints
<p>Which skills are my students ready to work on next?</p> <p>Where could instruction focus to move students forward?</p> <p>Are there students I can group together for targeted instruction and practice?</p>	State-specific learning progression	Instructional Planning Report (student or class)	Renaissance Planner Instructional Planning Report (Student or Class)	<ul style="list-style-type: none"> When planning small group instruction, use Manage Groups in the Record Book to place students into instructional groups prior to accessing your state-specific learning progression or the Instructional Planning Report . To find instructional resources, use Plan Instruction through the Record Book to access your state-specific learning progression. For a printable list of skills students are likely ready to work on next, use the Instructional Planning Report.
<p>Are my students growing more or less than expected?</p>	Student Growth Percentile (SGP)	Growth Report Growth Proficiency Chart	Star Growth Report	<ul style="list-style-type: none"> The Star Growth Report allows you to view window specific SGPs (e.g., Fall to Winter). To view a current SGP access the Reading or Math Overview Dashboard . For additional information and guidance around SGP, see the Special Report: Student Growth Percentile in Star Assessments.
<p>Are my students responding to intervention?</p> <p>How do I view progress towards a Star goal?</p>	Scaled Score Trend line	Student Progress Monitoring Report	Star Student Progress Monitoring Report Goal History Report	<ul style="list-style-type: none"> Prior to beginning an intervention, access Manage Goals and Benchmarks to set Star goals for students. Prior to beginning an intervention, use Manage Groups in the Record Book to place student into groups receiving interventions. When testing students frequently, view trendline data for an indication of improvement. Use the Goal History Report to monitor how students are progressing toward their goals over time.
<p>Are students on track to reach proficiency on the state test?</p>	Scaled Score (SS) Pathway to Proficiency	State Performance Report – Class State Performance Report - Student	Star State Performance Report Class Star State Performance Report Student	<ul style="list-style-type: none"> Student Report – after three assessments, view and compare the trendline to the Pathway to Proficiency. Class Report – view the average scores for your class and a list of students on and below the Pathway to Proficiency. Use the Monitor Student Mastery Dashboard to see student mastery of state standards.
<p>Which students have or have not tested in a selected reporting period?</p>	Test date	Test Activity Report	Completed Star Test Activity Report	<ul style="list-style-type: none"> The Completed Star Test Activity Report shows students who have and have not tested during a specific date range.
<p>Which students used extended time limits while testing?</p>	Extended time limits	Test Activity Report	Star Test Record Report Star Diagnostic Report	<ul style="list-style-type: none"> For more on extended time limits, see Extended Question Time Limits Preference.

Question	Key Metric(s)	Renaissance Place (Legacy Platform)	Renaissance Growth Platform	Helpful Hints
What is the reading range for students in my class?	Zone of Proximal Development (ZPD)	Reading Range Report	Star Reading Range Report	<ul style="list-style-type: none"> Use ZPD ranges as a starting point for reading practice in Accelerated Reader® or Accelerated Reader 360®.
How have students progressed across the entire school year?	Scaled Score (SS) Percentile Rank (PR) Trend line	Test Record Report Annual Progress Report	Star Annual Progress Report Star Test Record Report	<ul style="list-style-type: none"> The Star Annual Progress Report can be generated for a student, class, or group. If generated for a class or group, scaled scores will be averaged. Look at the trendline on the Star Annual Progress Report for overall improvement across the school year. Look for inconsistencies in data that might point to test fidelity concerns. The Star Annual Progress Report can be generated using the All-Time view to see student progress across grade levels.
How does the growth and achievement of students in my class compare to other cohort groups? What is the current SGP based on the most recent test taken for students in my class?	Student Growth Percentile (SGP) Percentile Rank (PR)	Reading Overview Dashboard Math Overview Dashboard Growth Report	Reading Overview Dashboard Math Overview Dashboard Growth Report Star Student Progress Monitoring Report	<ul style="list-style-type: none"> Manage Groups and Plan Instruction are accessible through these dashboard views. These dashboard views include cohort comparisons which allow you to compare an individual or group/class's SGP to the median of School, District, and Nation. View practice data and assessment data together in these dashboard views to understand what may be contributing to student performance. To see current SGPs for students in progress monitoring, refer to the Star Student Progress Monitoring Report.
Are my students mastering domains, standards, skill areas, and skills? How does English and Spanish proficiency in domains and standards compare?	Mastery scores	Monitor Student Mastery Dashboard	Monitor Student Mastery Dashboard	<ul style="list-style-type: none"> For guidance around Renaissance's Mastery Model view the Special Report: The Renaissance Mastery Model. When viewing this dashboard, make sure to review the assignment types selected to populate your mastery scores. Special Report: How to Guide Growth for Spanish-speaking English Language Learners Data from many Renaissance applications may contribute to mastery scores. For Star Early Literacy sub-domain scores, select the Early Literacy tab in the Monitor Student Mastery Dashboard.
What data is most beneficial to parents?	Percentile Rank (PR)	Parent Report	Star Parent Report	<ul style="list-style-type: none"> This report can be generated in both English and Spanish.

Key Star Data Reporting for Administrators

Question	Key Metric(s)	Renaissance Place (Legacy Platform)	Renaissance Growth Platform	Helpful Hints
How are students at my school or district growing?	Student Growth Percentile (SGP)	<p><u>District Admin Only:</u> Growth Proficiency Chart District Dashboard (SGP factor)</p> <p><u>School Admin Only:</u> Star Growth Report (generated by grade)</p>	<p><u>District Admin Only:</u> Growth Dashboards Growth Expectation Extract</p> <p><u>District or School Admin:</u> Star Growth Report (generated by grade) Consolidated Assessment Proficiency Report</p>	<ul style="list-style-type: none"> For additional information and guidance around SGP, see the Special Report: Student Growth Percentile in Star Assessments. If given permission in the software, teachers can generate Consolidated reports for their own class(es).
Are students at my school or district meeting proficiency expectations as compared to school or district benchmarks?	Percentile Rank (PR) Scaled Score (SS)	<p><u>District Admin Only:</u> Intervention Screening Dashboards State Summative Screening Dashboards</p> <p><u>School Admin Only:</u> Consolidated Assessment Proficiency Report</p>	<p><u>District Admin Only:</u> Intervention Screening Dashboards State Summative Screening Dashboards</p> <p><u>District or School Admin:</u> Consolidated Assessment Proficiency Report Star Screening Report (generated by grade)</p>	<ul style="list-style-type: none"> The Consolidated Assessment Proficiency Report can also be used to view the percentage of students in a school or district who did or did not participate in each assessment. Select the Intervention and Screening factor for student data compared to school or district benchmarks.
Are students at my school or district predicted to meet state proficiency expectations?	% Proficient %Less than Proficient	<p><u>District or School Admin:</u> Consolidated State Performance Report Star Screening Report</p>	<p><u>District or School Admin:</u> Consolidated State Performance Report Star Screening Report</p>	<ul style="list-style-type: none"> Star test participation for your district or schools can also be viewed on this report. This report can be grouped by schools, grade, teachers, classes, and groups.
How do I export student data?	Varies according to need	<p><u>District or School Admin:</u> User > Export Data</p>	<p><u>District or School Admin:</u> Growth Expectation Extract Historical Extract</p>	<ul style="list-style-type: none"> Current school year can be selected for the Star Growth Expectation Extract and the Historical Extract. Extracts are comma-separated value (.csv) files that can be opened in a spreadsheet program. Exporting data for a large number of schools can take up to 48 hours to complete.
